# Safety Instruction Guide for GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL)

## Introduction

Thank you for choosing GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL). This product is designed to effectively clean and maintain the bore of firearms. To ensure your safety and the safe use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- Always use the product in a wellventilated area to avoid inhaling fumes.
- Keep out of reach of children and pets.
- Do not use near open flames or sources of ignition.
- Avoid contact with skin and eyes. In case of contact, rinse immediately with plenty of water and seek medical advice if irritation persists.
- Do not ingest. If swallowed, seek medical attention immediately.
- Store in a cool, dry place away from direct sunlight and heat sources.
- Follow any local regulations regarding the use and disposal of aerosol products.

## Specific Safety Precautions for Use

- Before using the product, ensure you are wearing appropriate personal protective equipment (PPE), such as gloves and safety goggles.
- Always shake the canister well before use to ensure proper mixing of the foam.
- Hold the canister upright while spraying to avoid improper application.
- Do not spray towards face or body.
- Use only as directed on the label. Do not apply excessive amounts.
- If you experience dizziness, headaches, or any other adverse reactions while using the product, discontinue use immediately and seek fresh air.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and pointed in a safe direction.
- Remove any existing bore cleaning materials.

### 2. Application:

- Shake the canister vigorously for at least 30 seconds.
- Hold the canister upright and position the nozzle at the bore entrance.
- Press the nozzle to dispense the foam into the bore. Apply a sufficient amount to coat the interior surface evenly.

### 3. Cleaning:

- Allow the foam to sit for the recommended time as indicated on the product label. This will allow the cleaning agents to work effectively.
- After the recommended time, use a cleaning rod with an appropriate patch or brush to remove the foam and debris from the bore.
- Wipe down the exterior of the firearm with a clean cloth to remove any excess foam.

#### **4. PostUse:**

- Dispose of any used patches or cleaning materials in accordance with local regulations.
- Clean the nozzle of the canister after use to prevent clogging.

## **Disposal Instructions**

- Do not puncture or incinerate the canister, even when empty.
- Dispose of the product in accordance with local waste disposal regulations. Check for any specific guidelines regarding aerosol products.
- If the canister is still pressurized or contains residual product, take it to a designated hazardous waste disposal facility.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the use of GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL), please refer to the product packaging or visit the manufacturer's website for more information.

By following these safety instructions, you can ensure a safe and effective experience with GENERAL NANO PROTECTION BORE CLEANING FOAM (AEROSOL). Thank you for your attention to these important guidelines.
