

## Shooting Benches - The Stable Table

The Caldwell® Stable Table® is purpose-built to be the finest value-priced shooting bench in the market. The tripod design is more rigid and has fewer joints than folding-style benches and is appropriate for a wider variety of shooting conditions and disciplines. A bolt in the base allows position adjustment of a single leg, aligning the tabletop so that it is parallel with the horizon. The central shaft, seat and tabletop are able to pivot around a center axis as a single unit while keeping the tabletop parallel to the horizon. This allows the user to make shots at any angle from a single setup - ideal for varmint hunting. The bench can easily be locked into a single shooting position if desired. The table top is made from molded plastic with a rigid metal under-frame. The top measures 34" x 23" and it includes holes that function as handles for easy transport or as holders for the included cleaning forks as well as a perimeter rail that keeps ammunition from rolling off the bench top. The entire frame is made from welded steel. The padded seat adjusts from 16" to 22" and rotates in tandem with the tabletop. Convenient cleaning forks are included that snap into position in the top and securely hold a gun for cleaning. The shooting bench breaks down into seven pieces and weighs a total of 60 pounds when assembled.

## Safety Instructions

### Introduction

Thank you for choosing the Caldwell Shooting Benches The Stable Table. This product is designed to provide a stable and efficient shooting experience. To ensure safe usage and compliance with the EU General Product Safety Regulation (GPSR), please read and follow these safety instructions carefully.

### General Safety Guidelines

- Always ensure that the shooting bench is set up on a stable and level surface.
- Inspect the bench for any signs of damage or wear before each use.
- Always use the bench in accordance with the manufacturer's instructions.
- Keep the area around the shooting bench clear of obstacles and distractions.
- Be aware of your surroundings and ensure that no unauthorized persons are in the vicinity when using the bench.
- Store the bench in a dry place when not in use to prevent rust and deterioration.
- Report any unsafe conditions or incidents to the relevant authorities immediately.

### Specific Safety Precautions for Use

- Ensure that the bench is locked securely in the desired shooting position before use.
- Do not exceed the weight limit of the bench, which is 60 pounds when assembled.
- When using the cleaning forks, ensure they are securely snapped into position to prevent accidents.
- Adjust the padded seat carefully to avoid pinching or injury.
- Always keep firearms pointed in a safe direction, away from yourself and others.
- Use the bench only for its intended purpose; do not modify or alter the bench in any way.
- Children should not use the shooting bench without adult supervision.

### Instructions for Installation and Usage

#### 1. Unpacking the Bench

- Carefully remove the bench from its packaging.
- Check all components against the included parts list to ensure nothing is missing.

#### 2. Assembling the Bench

- Follow the instructions provided in the assembly manual.
- Ensure that all parts are securely fastened and that the bench is stable.

#### 3. Positioning the Bench

- Set the bench on a flat and stable surface.
- Adjust the legs as necessary to ensure the tabletop is level.

#### 4. Adjusting the Seat

- To adjust the seat height, release the locking mechanism and raise or lower the seat to the desired height (16" to 22").
- Lock the seat in place before use.

#### 5. Using the Bench

- Position your firearm safely on the tabletop.
- Utilize the cleaning forks as needed, ensuring they are secure.
- Make sure to keep the bench clear of unnecessary items during shooting.

#### **6. Disassembling the Bench**

- When finished, carefully disassemble the bench into its seven components.
- Store the pieces in a dry location to prevent damage.

## **Disposal Instructions**

- Dispose of the product in accordance with local regulations.
- Do not dispose of the bench in regular household waste.
- Consider recycling the metal and plastic components where possible.

## **Contact Information for Further Support**

For any questions or concerns regarding the Caldwell Shooting Benches The Stable Table, please refer to the product packaging for contact details of the manufacturer or visit their official website for additional support and information.

By following these safety instructions, you can ensure a safe and enjoyable shooting experience with the Caldwell Shooting Benches The Stable Table. Thank you for your attention to these important safety guidelines.
