[Reloading](#) > [Reloading Presses](#) > [Reloading Press Accessories](#)

Who spends the money on a progressive press to sit there and slowly load primer tubes one primer at a time? Progressive presses are designed to load lots of ammunition quickly. That is why Frankford Arsenal® designed the Vibra-Prime™ Automatic Primer Tube Filler; to save time. The Vibra-Prime™ can load 100 primers into a primer tube in a matter of seconds with its unique motorized agitation mechanism. Filled tubes are then easily transferred into any model progressive press tube.

# Frankford Arsenal VibraPrime Safety Instruction Guide

## Introduction

Thank you for choosing the Frankford Arsenal VibraPrime Automatic Primer Tube Filler. This guide provides essential safety instructions to ensure the safe and effective use of your product. Please read this guide carefully before using the VibraPrime.

## General Safety Guidelines

- Ensure that your work area is clean and free from clutter before using the VibraPrime.
- Always keep the VibraPrime out of reach of children and vulnerable individuals.
- Use the product only for its intended purpose as described in this guide.
- Regularly inspect the VibraPrime for any signs of damage or wear before use.
- Do not attempt to repair the VibraPrime yourself. Contact a qualified technician if repairs are needed.
- Store the VibraPrime in a dry and safe location when not in use.

## Specific Safety Precautions for Use

- Always wear appropriate eye protection when using the VibraPrime to prevent injury from any accidental ejections of primers.
- Keep hands and other body parts clear of moving parts during operation to avoid injury.
- Do not overload the primer tube beyond its capacity to ensure safe operation.
- Ensure that the power source is compatible with the VibraPrime specifications to avoid electrical hazards.
- Do not use any attachments or accessories that are not recommended by the manufacturer.

## Instructions for Installation and Usage

### 1. Installation:

- Place the VibraPrime on a stable, flat surface.
- Ensure that the power switch is in the "off" position before connecting it to a power source.
- Plug the VibraPrime into an appropriate electrical outlet.

### 2. Loading Primers:

- Open the primer feed compartment as per the instructions in the user manual.
- Carefully load the primers into the designated area, ensuring they are oriented correctly.
- Close the primer feed compartment securely.

### 3. Operating the VibraPrime:

- Turn on the power switch to activate the motorized agitation mechanism.
- Allow the VibraPrime to operate until the desired number of primers has been loaded into the tube.
- Once completed, turn off the power switch before removing the filled tube.

### 4. Transferring Filled Tubes:

- Gently remove the filled primer tube from the VibraPrime.
- Ensure that the tube is securely closed before transferring it to your progressive press.

## **Disposal Instructions**

- Dispose of the VibraPrime according to local regulations for electronic waste.
- Do not dispose of primers or any related materials in regular trash. Follow local guidelines for hazardous waste disposal.

## **Contact Information for Further Support**

For any questions or concerns regarding the VibraPrime, please refer to the manufacturer's contact details provided with your product packaging or visit the official website for additional support and resources.

Please remember to follow these safety instructions to ensure a safe and enjoyable experience with your Frankford Arsenal VibraPrime Automatic Primer Tube Filler. Thank you for your attention to safety.
