

Source 90 Drink Tube with Storm Bite Valve - Coyote

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Accessories](#)

Designed and built exclusively for IcePlate Curve, the Source 90 is the result of an exciting collaboration between Qore Performance and Source. This custom tube combines Source's best-in class Helix Bite Valve drink tube with a 90 Degree Hard Elbow Qore Performance created specifically for use with IceCap on the IcePlate Curve. The male QD on the Source 90 is cross-compatible with all other Qore Performance IcePlate generations and Source Hydration products.

Safety Instruction Guide for QORE PERFORMANCE, INC. Source 90 Drink Tube with Storm Bite Valve

Introduction

Thank you for choosing the QORE PERFORMANCE, INC. Source 90 Drink Tube with Storm Bite Valve. This product has been designed to enhance your hydration experience while ensuring safety and reliability. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

General Safety Guidelines

To ensure your safety while using the Source 90 Drink Tube, please follow these general guidelines:

- Always inspect the product before use for any signs of damage or wear.
- Use the product only for its intended purpose as described in this guide.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the product if it has been involved in an accident or if you suspect it may be damaged.
- Report any unsafe product experiences to the relevant authorities.

Specific Safety Precautions for Use

When using the Source 90 Drink Tube, please adhere to the following safety precautions:

- Ensure that all connections are secure before use to prevent leaks.
- Do not expose the drink tube to extreme temperatures or direct sunlight for extended periods.
- Clean the drink tube regularly to maintain hygiene and prevent mold growth.
- Do not use the drink tube with liquids other than water or beverages recommended by the manufacturer.
- Avoid sharp objects that may puncture or damage the drink tube.

Instructions for Installation and Usage

Follow these steps for proper installation and usage of the Source 90 Drink Tube:

1. Installation:

- Remove the Source 90 Drink Tube from the packaging.
- Attach the male quick disconnect (QD) fitting to the compatible Qore Performance IcePlate or Source Hydration product.
- Ensure the connection is secure and there are no leaks.

2. Usage:

- Fill your hydration system with water or an appropriate beverage.
- Use the Helix Bite Valve to drink. Squeeze the valve gently to control the flow of liquid.
- After use, close the valve to prevent leaks.

3. Maintenance:

- Rinse the drink tube with warm water after each use.
- Use a mild soap if necessary, and thoroughly rinse to remove all soap residues.
- Allow the tube to dry completely before storing it to prevent mold growth.

Disposal Instructions

When it is time to dispose of the Source 90 Drink Tube, please follow these guidelines:

- Check local regulations for proper disposal methods.
- If the product is damaged or no longer usable, dispose of it in accordance with local waste management guidelines.
- Do not dispose of the product in the environment; always use designated waste disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Source 90 Drink Tube, please reach out to the designated customer support channels provided by QORE PERFORMANCE, INC.

Thank you for your attention to these safety instructions. Enjoy using your Source 90 Drink Tube with Storm Bite Valve and stay hydrated safely!
