

Source 90 Drink Tube with Storm Bite Valve - Ranger Green

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Accessories](#)

Designed and built exclusively for IcePlate Curve, the Source 90 is the result of an exciting collaboration between Qore Performance and Source. This custom tube combines Source's best-in class Helix Bite Valve drink tube with a 90 Degree Hard Elbow Qore Performance created specifically for use with IceCap on the IcePlate Curve. The male QD on the Source 90 is cross-compatible with all other Qore Performance IcePlate generations and Source Hydration products.

QORE PERFORMANCE, INC. Source 90 Drink Tube with Storm Bite Valve Safety Instructions

Introduction

Thank you for choosing the QORE PERFORMANCE, INC. Source 90 Drink Tube with Storm Bite Valve. This product is designed to provide reliable hydration solutions while ensuring your safety during use. Please read this safety instruction guide carefully to understand how to use, maintain, and dispose of the product properly.

General Safety Guidelines

- Always inspect the product before use for any signs of damage or wear.
- Ensure that the drink tube is compatible with your hydration system.
- Avoid using the product in extreme temperatures (below 10°C or above 60°C).
- Do not use the drink tube for any liquids other than water or approved hydration solutions.
- Keep the product away from children and individuals who may not understand its use.
- Report any unsafe conditions or accidents to the relevant authorities.

Specific Safety Precautions for Use

- **Potential Hazards:**

- Risk of leakage if the tube is not properly connected.
- Risk of choking if the bite valve is not used correctly.
- Risk of burns or frostbite if used with liquids at extreme temperatures.

- **Instructions to Avoid Hazards:**

- Ensure all connections are secure and leakfree before use.
- Use the bite valve only as intended; do not block the opening while drinking.
- Test the temperature of the liquid before using the drink tube.

- **AgeSpecific Warnings:**

- This product is not intended for use by children under the age of 12 without adult supervision.

Instructions for Installation and Usage

1. Installation:

- Remove the Source 90 Drink Tube from its packaging.
- Ensure that the male Quick Disconnect (QD) fitting is clean and free of debris.
- Connect the male QD to the compatible hydration system or IcePlate Curve.
- Check for secure connections by gently tugging on the tube.

2. Usage:

- Fill your hydration reservoir with clean water or an approved hydration solution.
- Ensure that the drink tube is not kinked or twisted, as this may restrict flow.
- To drink, bite down gently on the Helix Bite Valve and sip to release the liquid.
- After use, close the valve to prevent leaks.

3. Maintenance:

- Clean the drink tube regularly with warm, soapy water.
- Rinse thoroughly to remove any soap residue.
- Allow the tube to air dry completely before storage.

Disposal Instructions

- Dispose of the Source 90 Drink Tube responsibly in accordance with local regulations.
- Do not dispose of the product in regular household waste if it is damaged or no longer functional.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For safety inquiries or further assistance, please refer to the product packaging or visit the manufacturer's website for additional resources.

Thank you for prioritizing safety and following these guidelines. Enjoy your hydration experience with the QORE PERFORMANCE, INC. Source 90 Drink Tube with Storm Bite Valve!
