

# IceCap & Shim Set

[Emergency & Survival Gear](#) > [Water & Hydration](#) > [Water Accessories](#)

## Includes:

- 1x Ice Cap (valve)
- Safety Shims

## Main Features:

IceCap is built to the 28-410 thread standard, with the added benefit of an integrated universal Quick Disconnect that accepts most hydration tubes. While this universal compatibility is a fantastic feature, IceCap is designed to work best with our Source 90 Drink Tube or our standard Hose with 90 Degree Quick Disconnect to preserve flow rate and prevent kinking.

IceCap allows IcePlate Curve to be stored with incredible efficiency and density while being ready to deploy in seconds. Grab your IcePlate Curve, replace your included Magnetic Freezer Cap with IceCap, click in your favorite drink tube and you are good to go.

But wait, there's more...

The real magic of IceCap is that it will also work with most plastic Coca-Cola and Dasani bottles. If you deplete your IcePlate Curve water stores completely, secure your IceCap and hydration tube to your 28-410 thread standard bottle and you are in business: instant, field-expedient back-up hydration system.

The included Safety Shims are used by putting them over Ice Cap and beneath the release button. With that you can make sure that water is only flowing when you need it to.

## Note:

IceCap is designed for use with IcePlate Curve. It will not work with older versions of IcePlate.

# Safety Instruction Guide for QORE PERFORMANCE, INC. IceCap & Shim Set

## Introduction

Thank you for choosing the QORE PERFORMANCE, INC. IceCap & Shim Set. This product is designed to enhance your hydration experience while ensuring safety and efficiency. Please read this safety instruction guide carefully to understand how to use the product safely and effectively.

## General Safety Guidelines

- Ensure safe use of all nonfood products, including this hydration accessory.
- Be aware of potential risks associated with improper use.
- Always follow the manufacturer's instructions for installation and usage.
- Check for recall updates on the EU's Safety Gate platform to stay informed about product safety.
- Report any unsafe products or accidents to the appropriate authorities.

## Specific Safety Precautions for Use

- **Compatibility:** IceCap is specifically designed for use with the IcePlate Curve. It is not compatible with older versions of IcePlate.
- **Hydration Source:** IceCap can be used with most hydration tubes, but it works best with the Source 90 Drink Tube or the standard Hose with 90 Degree Quick Disconnect.
- **Safety Shims:** Always use the included Safety Shims by placing them over the Ice Cap and beneath the release button to control water flow.
- **Bottles:** IceCap is compatible with most plastic CocaCola and Dasani bottles. Ensure the bottle meets the 28410 thread standard before use.
- **Children:** This product is not intended for use by children without adult supervision.

## Instructions for Installation and Usage

### 1. Installation:

- Remove any existing cap from your IcePlate Curve.
- Take the IceCap and securely attach it to the IcePlate Curve using the 28410 thread.
- If using a compatible bottle, ensure it is clean and dry before attaching the IceCap.
- Insert the hydration tube into the Quick Disconnect feature of the IceCap.

### 2. Usage:

- To fill the IcePlate Curve, ensure the Safety Shims are in place to prevent unintended water flow.
- Once filled, secure the hydration tube and ensure all connections are tight.
- To use, press the release button only when you need water. The Safety Shims will help prevent leaks.
- When finished, remove the hydration tube and store the IceCap properly to avoid damage.

### 3. Maintenance:

- Regularly check the IceCap and Safety Shims for wear or damage.
- Clean the IceCap and hydration tube with warm, soapy water after each use to maintain hygiene.
- Do not use abrasive cleaners or scrubbers that may damage the product.

## **Disposal Instructions**

- Dispose of the IceCap and Safety Shims in accordance with local regulations for plastic waste.
- Do not dispose of the product in regular household waste if local laws require special disposal methods for plastic products.

## **Contact Information for Further Support**

For any questions or concerns regarding the safety and usage of the IceCap & Shim Set, please refer to the manufacturer's website or customer service resources for assistance.

By following these guidelines, you can ensure a safe and enjoyable experience with your QORE PERFORMANCE, INC. IceCap & Shim Set. Thank you for your attention to safety.
