# SCHMEISSER Dynamic Drop In Trigger Safety Instructions

## Introduction

Thank you for choosing the SCHMEISSER Dynamic Drop In Trigger. This product is designed to enhance the performance of your AR15 firearm. It is crucial to follow safety guidelines to ensure safe and effective use. This guide provides essential safety information, installation instructions, and disposal guidelines in compliance with the EU General Product Safety Regulation (GPSR).

## General Safety Guidelines

- Always treat all firearms as if they are loaded.
- Keep the trigger mechanism free from dirt and debris to ensure proper function.
- Ensure that the trigger is installed correctly before use.
- Always use firearms in a safe and controlled environment.
- Store firearms and accessories securely, out of reach of children and unauthorized users.
- Be aware of your surroundings and ensure a clear line of sight when using firearms.
- Regularly inspect your firearm and its components for wear and damage.

## Specific Safety Precautions for Use

- Ensure that you are familiar with the operation of your AR15 firearm before installing the trigger.
- Use the trigger only for its intended purpose. Do not modify or alter the trigger.
- If you experience any malfunction or irregularity while using the trigger, cease use immediately and consult a qualified gunsmith.
- Never point the firearm at anything you do not intend to shoot.
- Always wear appropriate eye and ear protection when handling firearms.
- Keep your finger off the trigger until you are ready to shoot.

## Instructions for Installation and Usage

### 1. Preparation:

- Ensure the firearm is unloaded and the safety is engaged.
- Gather all necessary tools for installation, including a punch tool and a hammer.

### 2. Installation:

- Remove the existing trigger from the AR15 according to the manufacturer's instructions.
- Align the SCHMEISSER Dynamic Drop In Trigger with the trigger housing.
- Gently tap the trigger pins into place using the punch tool and hammer.
- Ensure that the trigger moves freely and the reset function is operational.

### 3. Testing:

- After installation, conduct a function test in a safe environment.
- Check that the trigger resets properly and releases at the specified weight of 1,800 g.
- Ensure that the trigger pins are secure and that there is no movement.

### 4. Usage:

- Follow standard safety procedures when using your firearm.

- Regularly check the trigger mechanism for any signs of wear or damage.

## Disposal Instructions

- Dispose of the SCHMEISSER Dynamic Drop In Trigger in accordance with local regulations.
- Do not dispose of the trigger in regular household waste.
- If the trigger is damaged or no longer functional, contact your local waste management authority for proper disposal methods.

## Contact Information for Further Support

For any safety inquiries or support regarding the SCHMEISSER Dynamic Drop In Trigger, please refer to the EU contact point designated for product safety inquiries.

## Conclusion

By following these safety instructions, you can ensure the safe and effective use of your SCHMEISSER Dynamic Drop In Trigger. Always prioritize safety and compliance with local regulations when handling firearms. Thank you for your attention to these important guidelines.
