

# **CLEANING ROD FUN-LINE SPORT, ALUMINIUM ALLOY (EXTERNAL THREAD 1/8") - FOR CAL. .22-6.5MM - Cleaning Rod, 900mm - Fun-Line Sport, Aluminum Alloy (external thread 1/8") - Cal. .22-6.5mm**

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod. The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

# Safety Instruction Guide for CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY

## Introduction

Thank you for choosing the CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY. This guide provides essential safety instructions to ensure the safe and effective use of this product. Please read this guide thoroughly before using the cleaning rod.

## General Safety Guidelines

- Ensure that the cleaning rod is used only for its intended purpose, which is cleaning firearms of caliber .22 to 6.5mm.
- Always handle the cleaning rod with care to prevent injury.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod for any signs of damage or wear before use. Do not use if damaged.
- Follow all local laws and regulations regarding the cleaning and maintenance of firearms.

## Specific Safety Precautions for Use

- Always wear appropriate safety gear, such as gloves and eye protection, when using the cleaning rod.
- Ensure that the firearm is unloaded before beginning the cleaning process.
- Use only the recommended VFG barrel cleaner with the cleaning rod.
- Do not force the cleaning rod if it encounters resistance; this may cause damage to both the rod and the firearm.
- Store the cleaning rod in a dry, safe place when not in use to prevent corrosion and damage.

## Instructions for Installation and Usage

### 1. Preparation

- Ensure the firearm is completely unloaded.
- Gather all necessary cleaning supplies, including the cleaning rod, barrel cleaner, and any additional tools.

### 2. Attaching the Barrel Cleaner

- Screw the VFG barrel cleaner onto the adapter at the end of the cleaning rod.
- Ensure that the connection is secure but do not overtighten.

### 3. Cleaning Process

- Insert the cleaning rod into the barrel of the firearm gently.
- Move the cleaning rod back and forth carefully to allow the barrel cleaner to remove fouling and debris.
- Avoid excessive force; let the ball bearings in the cleaning rod assist with movement.
- Repeat the process until the barrel is clean.

### 4. PostCleaning

- Remove the cleaning rod from the firearm and unscrew the barrel cleaner.
- Wipe down the cleaning rod with a dry cloth to remove any residue.
- Store the cleaning rod in its designated place.

## Disposal Instructions

- Dispose of any cleaning materials, such as used barrel cleaners or cloths, in accordance with local regulations.
- The cleaning rod itself is made of aluminum alloy and can be recycled. Check local recycling guidelines for proper disposal.

## Contact Information for Further Support

For any inquiries regarding safety or productrelated questions, please refer to the contact details provided with your product packaging or visit the manufacturer's website.

By following these safety instructions, you will ensure a safe and effective cleaning process for your firearms. Thank you for prioritizing safety and proper care.
