

CLEANING ROD FUN-LINE SPORT, ALUMINIUM ALLOY (INTERNAL THREAD M5) - FOR CAL. 6.5MM-.50 - Cleaning Rod, 992mm - Fun-Line Sport, Aluminum Alloy (internal thread M5) - for Cal. 6.5mm-.50

[Gun Cleaning & Chemicals](#) > [Cleaning Rods & Accessories](#) > [Cleaning Rods](#)

The cleaning rods are made of stainless steel (Power-Line Profi) or a lighter aluminum alloy (Fun-Line Sport) with a non-slip and ergonomic polyamide handle. This contains two maintenance-free and smooth-running ball bearings, so that the VFG barrel cleaner screwed onto the adapter can follow the movements during the cleaning process.

Depending on the application, we recommend the 1- or 3-part cleaning rod.

The advantage of the one-piece design is the stability - the three-piece impresses with its compact design, e.g. on the go. The three-part design can be used universally for long and short weapons and therefore offers an additional benefit.

Safety Instructions for CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY

Introduction

Thank you for choosing the CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY. This guide provides essential safety instructions to ensure the safe and effective use of your cleaning rod. Please read this manual carefully before use to avoid any potential hazards.

General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Keep the cleaning rod out of reach of children and vulnerable individuals.
- Regularly inspect the cleaning rod for any signs of wear or damage before each use.
- If the cleaning rod is damaged or malfunctioning, discontinue use immediately and contact the supplier for further assistance.
- Follow all local regulations regarding the use and disposal of cleaning products and equipment.

Specific Safety Precautions for Use

- Always use the cleaning rod in a wellventilated area to avoid inhalation of any cleaning residues.
- Wear appropriate personal protective equipment (PPE), such as gloves and safety goggles, to prevent skin and eye contact with cleaning solvents.
- Avoid using excessive force when cleaning to prevent damage to the firearm and cleaning rod.
- Ensure that the cleaning rod is securely attached to the adapter before use to prevent accidental disconnection.
- Do not use the cleaning rod with incompatible cleaning solvents or materials that may cause harm to the rod or firearm.

Instructions for Installation and Usage

1. Installation of the Adapter:

- Ensure that the cleaning rod is clean and free of debris.
- Attach the M5 external thread of the adapter to the cleaning rod by screwing it in securely.
- Ensure that the connection is tight to prevent accidental disconnection during use.

2. Using the Cleaning Rod:

- Insert the VFG barrel cleaner onto the adapter.
- Gently insert the cleaning rod into the firearm barrel, ensuring that it follows the barrel's path.
- Move the cleaning rod back and forth smoothly to clean the barrel. Avoid excessive force.
- After cleaning, carefully remove the cleaning rod and adapter from the firearm.

3. PostUse Care:

- Clean the cleaning rod with a suitable solvent to remove any residues.
- Store the cleaning rod in a dry place, away from direct sunlight and moisture.

Disposal Instructions

- Dispose of the cleaning rod in accordance with local waste disposal regulations.
- Do not dispose of the cleaning rod in regular household waste if it is damaged or contains hazardous

materials.

- If unsure about disposal methods, consult local authorities or waste management services for guidance.

Contact Information for Further Support

For any questions or concerns regarding the CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY, please refer to the product packaging or contact your supplier for assistance. Always ensure that you have the product details available when seeking support.

By following these safety instructions, you can ensure a safe and effective cleaning experience with your CLEANING ROD FUNLINE SPORT, ALUMINIUM ALLOY. Thank you for your attention to these guidelines.
