MDT's Scope Base Picatinny Rails are a precise and reliable solution when it comes to mounting a scope on your bolt action rifle.

MDT's Scope Base Picatinny Rails are designed to make the mounting of your optics easier. They are machined from 6061-T6 aluminum, then hard-anodized black for a durable finish. The underside of the rails are profiled to allow the rail to be mounted flush on the receiver and to match the geometry of the ejection port. These rails are designed with a 30 MOA incline providing additional elevation adjustment from your scope*. A recoil lug has been integrated in the underside rail profile on models where the action's design allows for this feature.

MDT Rails MOSSBERG MVP Safety Instruction Guide

Introduction

Thank you for choosing the MDT Rails MOSSBERG MVP. This safety instruction guide provides essential information to ensure the safe use and installation of your Picatinny Rails. Please read this guide carefully before using the product to avoid any potential hazards.

General Safety Guidelines

- Ensure safe use of the product by following these guidelines:
 - Always inspect the product for any damage before installation.
 - Use the product only for its intended purpose, which is to mount a scope on a bolt action rifle.
 - Keep the product out of reach of children and vulnerable individuals.
 - Follow all local laws and regulations regarding firearm accessories.
 - Report any unsafe products or accidents to relevant authorities.
 - Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- When using the MDT Rails MOSSBERG MVP, please adhere to the following precautions:
 - Always wear safety glasses when handling or installing the rails to protect your eyes from debris.
 - Ensure that your firearm is unloaded before installation or any adjustments.
 - Avoid placing excessive force on the rails during installation to prevent damage.
 - Do not modify the product in any way, as this may compromise safety and functionality.
 - Ensure that the recoil lug is properly integrated to prevent movement during use.
 - Regularly check the tightness of the mounting screws to ensure secure attachment.

Instructions for Installation and Usage

1. Preparation:

- Gather all necessary tools, including a torque wrench and the appropriate screws for installation.
- Ensure that the work area is clean and free of distractions.

2. Installation:

- Verify that the rifle is unloaded and the safety is engaged.
- Align the MDT Picatinny Rail with the mounting points on the receiver.
- Use the provided screws to attach the rail securely, following the manufacturer's torque specifications.
- Ensure the rail is flush against the receiver to maintain proper alignment with the ejection port.
- If applicable, check that the recoil lug is seated correctly.

3. Usage:

- Mount your scope according to the manufacturer's instructions.
- Adjust the scope for optimal viewing and functionality, taking into account the 30 MOA incline for elevation adjustments.
- Regularly inspect the rail and scope for any signs of wear or loosening.

Disposal Instructions

- Dispose of the product in accordance with local regulations.
- Do not dispose of the product in household waste.
- Consider recycling the aluminum material if possible.
- Ensure that any components are safely discarded to prevent hazards.

Contact Information for Further Support

- For any inquiries regarding safety or product issues, please contact the authorized distributor or manufacturer in your region. Ensure that you have the product details and any relevant information ready for a more efficient response.

Thank you for your attention to these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy using your MDT Rails MOSSBERG MVP responsibly.
