

Magnum .50 - Muzzle Brake/Tuner

[Rifle Parts](#) > [Muzzle Devices](#) > [Compensators & Muzzle Brakes](#)

Note: Thread adapter and hook wrench for mounting must be ordered separately. The big brother of the Sinus Brake is the Sinus Brake .50 Magnum and weighs in at 990 grams. This muzzle brake is specially designed for use with magnum calibers and offers even greater performance. It is designed for calibers from .300 Norma Magnum, .338 Lapua Magnum, .408 Chey Tac and even the impressive .50 BMG. With this muzzle brake, you can significantly reduce recoil torque and improve the accuracy of your shots. Thread adapter for mounting must be ordered separately.

Sinus Brake Magnum .50 - Muzzle Brake/Tuner

Safety Instructions

Introduction

Thank you for choosing the Sinus Brake Magnum .50 - Muzzle Brake/Tuner. This product is designed to enhance the performance of your firearm by reducing recoil and improving accuracy. To ensure safe and effective use, please read this safety instruction guide carefully.

General Safety Guidelines

- Always handle firearms and accessories with care.
- Ensure that the muzzle brake is compatible with your firearm and caliber.
- Follow all local laws and regulations regarding firearm modifications.
- Store the muzzle brake in a safe location, out of reach of children and unauthorized users.
- Regularly inspect the muzzle brake for any signs of wear or damage.
- Report any unsafe products or incidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

Specific Safety Precautions for Use

- Ensure that the firearm is unloaded before installing or removing the muzzle brake.
- Use appropriate tools for installation, including a thread adapter and hook wrench (sold separately).
- Do not exceed the recommended caliber limits when using the muzzle brake.
- Always wear appropriate eye and ear protection when shooting.
- Be aware of your surroundings and ensure a safe shooting environment.
- Do not modify the muzzle brake or use it in ways not specified in the instructions.

Instructions for Installation and Usage

1. Installation

- Ensure the firearm is unloaded.
- Clean the muzzle threads of your firearm to remove any debris.
- Attach the thread adapter (sold separately) to the muzzle if necessary.
- Align the muzzle brake with the threaded muzzle and screw it on clockwise until secure.
- Use the hook wrench (sold separately) to tighten the muzzle brake, ensuring it is secure but not overly tight.

2. Usage

- Before firing, doublecheck that the muzzle brake is securely attached.
- Fire the firearm according to standard safety practices.
- After use, inspect the muzzle brake for any damage or wear.

Disposal Instructions

- Dispose of the Sinus Brake Magnum .50 in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Contact your local waste management authority for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Sinus Brake Magnum .50, please refer to the manufacturer's support resources. Ensure you have your product details on hand for efficient assistance.

By following these guidelines, you can ensure the safe and effective use of your Sinus Brake Magnum .50 – Muzzle Brake/Tuner. Thank you for prioritizing safety in your shooting practices.
