

Werkzeugträger 1 - Multitool

The Prussia Precision Werkzeugträger 1 is a rugged and versatile multitool designed for everyday utility, outdoor use, and practical field tasks. Built to combine essential tools into one compact and reliable platform, it delivers dependable performance wherever a full toolbox is out of reach.

Constructed from durable 3Cr13 stainless steel and finished with a protective black oxidized coating, the Werkzeugträger 1 offers solid corrosion resistance and a clean, functional appearance suited for demanding environments. Its proven butterfly mechanism ensures smooth handling and quick access to the integrated tools.

With 17 functions, it covers a wide range of everyday needs, including needle nose pliers, regular pliers, wire cutters, knife and serrated blade, saw, scissors, screwdrivers, file, ruler, bottle opener, can opener, wire stripper, and additional utility features such as a thread loop and carry clip.

Compact, durable, and built for real-world use, the Werkzeugträger 1 delivers Prussia Precision functionality in a clean, no-nonsense multitool format.

Safety Instruction Guide for Prussia Precision Werkzeugträger 1 Multitool

Introduction

Thank you for choosing the Prussia Precision Werkzeugträger 1 Multitool. This guide provides essential safety instructions to ensure the safe and effective use of your multitool. Please read this guide carefully before using the product.

General Safety Guidelines

- Always inspect the multitool for any damage or defects before use.
- Keep the multitool out of reach of children to prevent accidental injuries.
- Use the multitool only for its intended purposes as described in this guide.
- Do not use the multitool if you are under the influence of drugs or alcohol.
- Always wear appropriate personal protective equipment (PPE) such as gloves and safety glasses when using the multitool.
- Be aware of your surroundings and ensure that no one is in the vicinity when using sharp tools.
- Store the multitool in a dry place away from direct sunlight to maintain its functionality and longevity.

Specific Safety Precautions for Use

- **Knife and Serrated Blade:** Always cut away from your body and use caution to avoid cuts. Ensure that the blade is securely locked in place before use.
- **Pliers and Wire Cutters:** Use pliers and wire cutters only on materials they are designed for. Do not exceed the tool's capacity to prevent breakage.
- **Scissors:** Use scissors with care, ensuring that your fingers are not in the cutting path.
- **Screwdrivers:** Ensure that the screwdriver is the correct size for the screw to avoid slipping and damaging the tool or the surface.
- **File:** Use the file with a steady motion and avoid applying excessive pressure to prevent tool damage.
- **Bottle and Can Openers:** Use caution when opening bottles and cans to avoid sharp edges that may cause injury.
- **Wire Stripper:** Use the wire stripper only on insulated wires and ensure the tool is positioned correctly to avoid accidents.

Instructions for Installation and Usage

1. **Initial Inspection:** Before using the multitool, check that all components are functioning properly and that there are no visible damages.
2. **Opening the Multitool:**
 - Locate the butterfly mechanism and gently open the multitool to access the desired tool.
 - Ensure that the tool is securely locked in place before use.
3. **Using the Tools:**
 - Select the appropriate tool for the task at hand and follow the specific safety precautions mentioned above.
 - Always maintain a firm grip on the multitool while in use.
4. **Closing the Multitool:**
 - After use, carefully close the multitool and ensure that all tools are securely locked in place.
5. **Storage:**
 - Store the multitool in a dry and safe location, away from children and pets.

Disposal Instructions

- Dispose of the multitool in accordance with local regulations regarding metal and sharp objects.
- If the multitool is damaged beyond repair, consider recycling the metal components where possible.
