

1500 Barrelled Action - Howa Mini Action Varmint Barrelled Action Blued Finish - 6mm ARC

The Howa Mini Action Varmint Barrelled Action Blued Finish - 6mm ARC in the versatile 6mm ARC chambering is the perfect foundation for building an ultra-compact, lightweight, and highly accurate bolt-action rifle.

Featuring an innovative "Mini Action" design, the bolt and receiver mechanism are roughly 12% shorter than a standard short action. This results in faster cycling times, a significantly lighter platform, and an exceptionally well-balanced rifle.

Optimized Mini Action Platform: Shorter bolt throw ensures lightning-fast subsequent shots and superior receiver rigidity.

#6 Barrel Profile: The 20" barrel with a #6 heavy Varmint profile delivers a perfect balance of excellent maneuverability, weight reduction, and inherent sub-MOA precision. Features a pre-cut 5/8"-24 UNEF muzzle thread for easy attachment of suppressors or muzzle brakes.

Classic Blued Finish: A deep black blued finish provides reliable protection against the elements while maintaining a sleek, traditional look.

High-Capacity Detachable Magazine: Comes equipped with a removable 5+1 Magazine — ideal for dynamic shooting disciplines and extended range sessions.

Versatile Twist Rate: The 1-8" twist rate stabilizes a broad spectrum of light- to medium-weight 6mm ARC projectiles flawlessly.
