

# Weather & Environmental Meters - Kestrel 5500 Weather Meter with LiNK + Vane Mount

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

Experience the future of weather measurement with the Kestrel 5500 Weather Meter. This high-precision instrument delivers comprehensive environmental data and is ideal for outdoor activities such as golfing, sailing, aviation, shooting, and spraying applications.

Key Functions:

- Precision Measurements: Accurately measures all critical environmental conditions, including wind direction, crosswind, headwind, and tailwind
- Rugged and Durable: Drop-tested, dustproof, waterproof, and built to withstand extreme environments
- Advanced Display: Large, high-resolution screen with dual-color backlighting and a durable polycarbonate lens
- Data Logging: Stores over 10,000 time-stamped data points; data transfer via the LiNK app or USB cable (sold separately)

AVAILABLE

Smartphone Connectivity:

With optional LiNK iOS/Android connectivity, data can be transmitted wirelessly in real time to your mobile device.

Compact and Versatile:

When paired with the Kestrel Vane Mount, the unit mounts to a tripod and becomes a full-featured weather station—ideal for continuous wind speed and wind direction monitoring.

Rely on the Kestrel 5500—a weather meter proven to perform reliably even in the harshest conditions. Perfect for professionals and outdoor enthusiasts worldwide.

## Attributes

- Name: [Kestrel 5500 Weather Meter with LiNK + Vane Mount](#)
- Manufacturer: [KESTREL](#)
- Product no.: EU2016379
- Mfr. No.: 0855LVTAN
- Delivery weight: 0.3kg
- Shipping height: 45mm
- Shipping width: 28mm
- Shipping length: 127mm

# Safety Instruction Guide for Kestrel 5500 Weather Meter

## Introduction

Thank you for choosing the Kestrel 5500 Weather Meter with LiNK and Vane Mount. This highprecision instrument is designed to provide you with accurate environmental measurements for various outdoor activities. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

## General Safety Guidelines

- **Product Safety:** The Kestrel 5500 Weather Meter is designed to be safe for use in outdoor environments. Ensure that you follow all safety guidelines to minimize risks associated with its use.
- **Enhanced Recalls:** In the event of a safety issue, the product may be subject to recall. Please stay informed about any recall notices that may affect your device.
- **Online Shopping:** If you purchased this product online, ensure that the seller complies with safety regulations and provides you with the necessary information about the product.
- **Special Consumer Focus:** Extra care should be taken when using this product around children. Keep the device out of reach when not in use.
- **EU Contact Point:** For any safety inquiries, refer to the manufacturer or distributor who can provide assistance.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Avoid Extreme Conditions:** Do not expose the Kestrel 5500 to extreme temperatures beyond its specified range, as this may affect its performance.
- **Water Resistance:** While the device is waterproof, avoid submerging it in water for extended periods. Ensure all ports are securely closed before exposure to moisture.
- **Dropping:** Although the Kestrel 5500 is rugged and droptested, avoid dropping the device to prevent internal damage.
- **Battery Safety:** Use only the recommended battery type. Improper batteries may cause damage or pose a safety risk.
- **Cleaning:** Use a soft, dry cloth to clean the device. Do not use abrasive materials or solvents that may damage the screen or casing.

## Instructions for Installation and Usage

- **Installation:**

- Ensure that the device is fully charged or has fresh batteries before use.
- If using the Vane Mount, securely attach it to a tripod according to the manufacturer's instructions.
- Ensure that the Kestrel 5500 is properly mounted on the Vane Mount for accurate wind measurements.

- **Usage:**

- Turn on the device by pressing the power button.
- Select the desired measurement mode (e.g., wind speed, temperature) using the onscreen menu.
- For accurate readings, hold the device steady in the wind or mount it securely using the Vane Mount.

- Data can be logged for future reference. Ensure you understand how to access and transfer this data via the LiNK app or USB cable.
- When using the smartphone connectivity feature, ensure that Bluetooth is enabled on your mobile device for seamless data transmission.

## Disposal Instructions

- **Electronic Waste:** Dispose of the Kestrel 5500 Weather Meter in accordance with local regulations regarding electronic waste. Do not throw it in regular trash.
- **Battery Disposal:** Remove the batteries before disposal. Follow local guidelines for battery recycling or disposal.

## Contact Information for Further Support

For any questions or concerns regarding the Kestrel 5500 Weather Meter, please refer to the manufacturer's website or contact the authorized distributor for assistance.
