Safety Instruction Guide for Kestrel 5700 Ballistics Weather Meter with Hornady 4DOF

Introduction

Thank you for choosing the Kestrel 5700 Ballistics Weather Meter with Hornady® 4DOF®. This device is designed for precision and reliability in longrange shooting conditions. To ensure your safety and the optimal performance of your Kestrel 5700, please read this safety instruction guide carefully.

General Safety Guidelines

- **Product Safety:** This product is designed to meet EU safety standards. It is essential to follow all usage instructions to ensure safe operation.
- **Enhanced Recalls:** In the event of a safety issue, recall notices will be issued. Please stay informed about product recalls through official channels.
- **Online Shopping:** If purchased online, ensure that the retailer complies with EU safety requirements.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer or manufacturer.
- **Rapid Alerts:** Report any unsafe product experiences to the relevant authorities. Stay updated on product safety through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Avoid Water Exposure:** Although the Kestrel 5700 is waterproof to IP67, avoid submerging it in water for extended periods.
- **Keep Away from Extreme Temperatures:** Do not expose the device to extreme heat or cold, which may affect its performance.
- **Handle with Care:** The device is rugged and droptested, but avoid dropping it from significant heights.
- **Use Only Recommended Accessories:** Use only the protective case, neck lanyard, and lithium AA battery specified for this product.
- **Regularly Check for Damage:** Inspect the device regularly for any signs of wear or damage that may affect its performance.

Instructions for Installation and Usage

- **Initial Setup:**
 1. Open the protective case and remove the Kestrel 5700.
 2. Insert the lithium AA battery as indicated in the battery compartment.
 3. Power on the device by pressing the power button.
- **Using the Kestrel 5700:**
 1. Select the desired mode (e.g., Ballistics Solver) using the navigation buttons.
 2. Input relevant data such as bullet type and environmental conditions.
 3. Utilize the Kestrel LiNK Ballistics App for advanced features and data management.
 4. Monitor conditions and adjust firing solutions as needed.
- **Mounting Options:** If using a tripod, attach the Kestrel Vane Mount securely to the tripod. Ensure the Kestrel 5700 is properly mounted to prevent it from falling.

Disposal Instructions

- **Battery Disposal:** Dispose of the lithium AA battery according to local regulations for hazardous waste.
- **Device Disposal:** When the Kestrel 5700 reaches the end of its life, dispose of it in accordance with local electronic waste disposal guidelines.
- **Recycling:** Consider recycling the device if possible, to minimize environmental impact.

Contact Information for Further Support

For any questions or concerns regarding the Kestrel 5700 Ballistics Weather Meter with Hornady 4DOF, please refer to the contact information provided by your retailer or manufacturer. It is important to address any safety inquiries or product issues promptly.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the Kestrel 5700!
