

Ballistics Weather Meters - Kestrel 5700 Elite Weather Meter with Applied Ballistics with LiNK

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

The Kestrel 5700 Elite Weather Meter with Applied Ballistics® Software is an upgrade to the groundbreaking—but now discontinued—Kestrel 4500, specifically optimized for long-range shooters. The 5700 Elite measures up to 15 environmental parameters and allows you to select either G1 or G7 ballistic coefficients (BC) for precise trajectory calculations.

Despite fitting comfortably in your hand, it provides access to the “Litz” library (named after renowned ballistitian Bryan Litz) with over 225 measured bullets—the most comprehensive source of real-world data for modern small-caliber projectiles. Using its ballistic calibration feature, you can “train” your Kestrel 5700 Elite to match a specific rifle based on observed long-range impacts. The result is an even more accurate dataset you can rely on for future ballistic calculations.

With this level of access to highly precise BC data, you have everything you need to perform exact trajectory calculations—all in a compact, handheld wind meter. Additional Features of the Kestrel 5700 Elite:

- Bluetooth LiNK connectivity for Android or iOS devices
- User-friendly, intuitive interface navigation
- Enhanced display resolution for easier reading under varying light conditions
- Switchable screen backlight: bright white or night-vision-friendly red
- Operates on one AA battery
- Sealed battery compartment to protect the motherboard from leaks
- Multilingual menus: English, French, German, and Spanish
- Reinforced, molded hard polymer housing with scratch- and impact-resistant viewing window

Attributes

- Name: [Kestrel 5700 Elite Weather Meter with Applied Ballistics with LiNK](#)
- Manufacturer: [KESTREL](#)
- Product no.: EU2016388
- Mfr. No.: 0857ALFDE
- Delivery weight: 0.234kg
- Shipping height: 33mm
- Shipping width: 152mm
- Shipping length: 152mm

Kestrel 5700 Elite Weather Meter Safety Instruction Guide

Introduction

Thank you for choosing the Kestrel 5700 Elite Weather Meter with Applied Ballistics. This guide provides essential safety instructions and information to ensure the safe and effective use of your device. Please read this guide carefully before using the product.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Keep the device out of reach of children and vulnerable individuals.
- Do not expose the device to extreme temperatures, moisture, or direct sunlight for prolonged periods.
- Regularly inspect the device for any signs of damage or wear, and discontinue use if any defects are found.
- Only use the specified AA battery to power the device. Do not use rechargeable or other types of batteries.
- Follow proper disposal methods for batteries and the device itself at the end of their life cycle.

Specific Safety Precautions for Use

- Do not disassemble or modify the device, as this may compromise safety and void the warranty.
- When using Bluetooth LiNK connectivity, ensure that you are connected to a secure and trusted device to protect your personal information.
- Avoid using the device in environments with flammable gases or materials.
- Be cautious when using the device in harsh weather conditions; ensure it is securely held to prevent accidental drops.
- Do not use the device while driving or operating machinery; always prioritize safety and focus.

Instructions for Installation and Usage

1. Battery Installation

- Open the sealed battery compartment.
- Insert one AA battery, ensuring correct polarity (+/-).
- Close the battery compartment securely.

2. Turning On the Device

- Press the power button to turn on the Kestrel 5700 Elite.
- Wait for the display to initialize.

3. Navigating the Interface

- Use the intuitive interface to access various functions.
- Refer to the user manual for detailed instructions on using specific features.

4. Using Bluetooth LiNK

- Enable Bluetooth on your Android or iOS device.
- Follow the prompts on your Kestrel 5700 Elite to connect to your mobile device.
- Ensure that the connection is secure before using the app for data transfer.

5. Measuring Environmental Parameters

- Hold the device steady in the direction of the wind for accurate readings.
- Review the displayed parameters and make necessary adjustments based on your shooting conditions.

6. Calibrating for Ballistics

- Use the ballistic calibration feature to train the device for your specific rifle.
- Follow the onscreen instructions to input observed longrange impacts.

Disposal Instructions

- Dispose of the Kestrel 5700 Elite Weather Meter in accordance with local regulations regarding electronic waste.
- Remove the battery before disposal and recycle it at a designated battery recycling facility.
- Do not dispose of the device in regular household waste.

Contact Information for Further Support

For any inquiries regarding safety or usage of the Kestrel 5700 Elite, please refer to the manufacturer's official website or contact their customer support.

Thank you for your attention to these safety instructions. We hope you enjoy using your Kestrel 5700 Elite Weather Meter with Applied Ballistics. Stay safe and informed!
