

Heads Up Display - Kestrel HUD Heads Up Display for 5 Series Ballistics Meters

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

The HUD (Heads-Up Display) for 5 Series Ballistics Meters from Kestrel is the perfect companion for your Kestrel weather meter and advanced ballistics calculator. When you're on the clock, gathering the necessary measurements before mounting your rifle can cost valuable time—this HUD solves that problem.

Why Choose the Kestrel HUD for 5 Series Ballistics?

The Kestrel 5 Series HUD allows you to mount a large, highly visible display directly on your rifle, providing instant access to your ballistic solution. One of the key advantages of the HUD is its ability to store ballistic solutions for up to 10 different targets on a single display, giving you all the data you need for a specific course or engagement without delay. No more marking targets or using tape to track distances! Additional Features

- Spotters can wirelessly transmit updated firing solutions directly to the HUD
- Shots can be reconfigured and updated in real-time
- Includes a remote control for convenient operation

Heads Up Display Kestrel HUD Safety Instructions

Introduction

Thank you for choosing the Kestrel HUD for 5 Series Ballistics Meters. This product is designed to enhance your shooting experience by providing instant access to ballistic solutions. To ensure your safety and the proper use of the HUD, please read and follow these safety instructions carefully.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the HUD by following all instructions and guidelines.
- **Enhanced Recalls:** Be aware that in the event of a product recall, standardized notices will be provided, and free remedies will be available for any dangerous products.
- **Online Shopping:** If purchased online, ensure that the platform adheres to the same safety requirements as physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, such as children.
- **EU Contact Point:** For safety inquiries, refer to the EU-based contact information provided with the product.
- **Rapid Alerts:** Stay informed about unsafe products through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is intended for use by adults. Keep out of reach of children.
- **Environmental Conditions:** Do not use the HUD in extreme weather conditions that may damage the device or affect its performance.
- **Physical Damage:** Inspect the HUD for any physical damage before use. Do not use if damaged.
- **Battery Safety:** Use only the recommended battery type. Dispose of batteries properly and do not expose them to extreme heat or fire.
- **Wireless Transmission:** Ensure that the wireless transmission feature is used in accordance with local regulations to avoid interference with other devices.
- **Mounting Safety:** Ensure that the HUD is securely mounted to your rifle to prevent accidents during use.

Instructions for Installation and Usage

Installation

1. **Unbox the HUD:** Carefully remove the HUD and all included components from the packaging.
2. **Check Components:** Ensure all components are present and undamaged.
3. **Mounting the HUD:**
 - Choose a suitable location on your rifle for mounting the HUD.
 - Use the provided mounting hardware to securely attach the HUD to the rifle.
 - Ensure that the HUD is positioned for optimal visibility during use.

Usage

1. **Power On:** Turn on the HUD using the power button located on the device.
2. **Connecting to Kestrel Meter:** Follow the instructions provided with your Kestrel weather meter to connect it to the HUD.
3. **Accessing Ballistic Solutions:**
 - Use the remote control to access and configure ballistic solutions.
 - Store solutions for up to 10 different targets as needed.
4. **Updating Firing Solutions:** Spotters can wirelessly transmit updated firing solutions directly to the HUD. Ensure proper connection before use.

5. **Realtime Configuration:** Shots can be reconfigured and updated in realtime for immediate feedback.

Disposal Instructions

- **Electronic Waste:** Dispose of the HUD and any electronic components in accordance with local regulations for electronic waste.
- **Battery Disposal:** Dispose of batteries at designated recycling centers to prevent environmental contamination.

Contact Information for Further Support

For further assistance or inquiries regarding the Kestrel HUD, please refer to the contact information provided in the product packaging.

Thank you for your attention to these safety instructions. Enjoy your experience with the Kestrel HUD for 5 Series Ballistics Meters!
