

# Heads Up Display - Kestrel HUD Heads Up Display for 5 Series Ballistics Meters with Remote

[Shooting Accessories](#) > [Windmeters & Flags](#) > [Windmeters](#)

The HUD (Heads-Up Display) for 5 Series Ballistics Meters from Kestrel is the perfect companion for your Kestrel weather meter and advanced ballistics calculator. When you're on the clock, gathering the necessary measurements before mounting your rifle can cost valuable time—this HUD solves that problem.

Why Choose the Kestrel HUD for 5 Series Ballistics?

The Kestrel 5 Series HUD allows you to mount a large, highly visible display directly on your rifle, providing instant access to your ballistic solution. One of the key advantages of the HUD is its ability to store ballistic solutions for up to 10 different targets on a single display, giving you all the data you need for a specific course or engagement without delay. No more marking targets or using tape to track distances! Additional Features

- Spotters can wirelessly transmit updated firing solutions directly to the HUD
- Shots can be reconfigured and updated in real-time
- Includes a remote control for convenient operation

# Safety Instruction Guide for Kestrel HUD

## Introduction

Thank you for choosing the Kestrel HeadsUp Display (HUD) for 5 Series Ballistics Meters. This guide provides essential safety information to ensure the safe and effective use of your product. Please read this document carefully before installation and usage.

## General Safety Guidelines

- Ensure that the Kestrel HUD is used in accordance with the manufacturer's instructions.
- Always inspect the HUD for any visible damage before use. Do not use if damaged.
- Keep the HUD out of reach of children and vulnerable individuals to prevent accidents.
- Be aware of your surroundings when using the HUD, especially in outdoor environments.
- Report any unsafe products or accidents to the relevant authorities immediately.
- Check the EU's Safety Gate platform for recall updates regarding this product.

## Specific Safety Precautions for Use

- **Battery Safety:**
  - Use only the recommended battery type for the HUD.
  - Do not attempt to open or modify the battery compartment.
  - Dispose of batteries according to local regulations.
- **Wireless Functionality:**
  - Ensure that the wireless transmission feature is used in accordance with local regulations.
  - Avoid using the HUD in areas with high electromagnetic interference, which may affect performance.
- **Mounting Safety:**
  - Ensure that the HUD is securely mounted to the rifle to prevent dislodging during use.
  - Regularly check the mounting mechanism for wear and tear.
- **Environmental Conditions:**
  - Avoid exposing the HUD to extreme temperatures, moisture, or direct sunlight for extended periods.
  - Clean the HUD with a soft, dry cloth. Do not use abrasive materials or solvents.

## Instructions for Installation and Usage

### Installation

1. **Prepare the Rifle:** Ensure that the rifle is unloaded and safely secured before mounting the HUD.
2. **Mount the HUD:**
  - Attach the HUD to the designated mounting area on the rifle, ensuring it is secure.
  - Follow any specific mounting instructions provided by the manufacturer.
3. **Connect the Remote Control:**
  - Insert the battery into the remote control as per the instructions.
  - Pair the remote control with the HUD according to the guidelines in the product manual.

### Usage

1. **Power On:** Turn on the HUD using the designated power button.
2. **Access Ballistic Solutions:**
  - Use the remote control to navigate through the stored ballistic solutions.
  - Select the appropriate solution for your target.
3. **RealTime Updates:**
  - If using a spotter, ensure that they transmit updated firing solutions directly to the HUD for

accuracy.

4. **Monitoring:** Continuously monitor the HUD display for any updates or changes in ballistic data.

## **Disposal Instructions**

- Dispose of the Kestrel HUD and its components in accordance with local regulations.
- Do not dispose of electronic devices in regular household waste.
- Check for designated electronic waste recycling programs in your area.

## **Contact Information for Further Support**

For any safety inquiries or further assistance regarding the Kestrel HUD, please refer to the manufacturer's contact information provided in the product packaging or on the official website.

Thank you for your attention to these safety guidelines. Your safety and the safe operation of the Kestrel HUD are our top priorities.
