

## Accessories - Kestrel General - Belt Carry Case, Kestrel 4000/5000 Series

[Shooting Accessories](#) > [Windmeters & Flags](#)

The Kestrel Nite Ize Belt Pouch offers a practical, hands-free storage solution for your Kestrel device. Made from durable nylon, it protects the device from damage, while a dedicated window exposes the sensors to allow accurate measurements on the move.

This rugged belt pouch features a hook-and-loop closure system and a side elastic loop for small tools or a flashlight. Inside, a secure battery loop holds spare batteries, ensuring your device is always ready for use.

The nylon and fiberglass J-hook fits belts up to 5.7 cm (2¼ inches) wide or can be attached to a waistband. A hook-and-loop loop also allows attachment to backpacks or straps.

# Kestrel General Belt Carry Case Safety Instructions

## Introduction

Thank you for choosing the Kestrel General Belt Carry Case for your Kestrel 4000/5000 Series device. This product is designed to provide safe and convenient storage for your device while ensuring ease of access during use. To ensure your safety and the longevity of your product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always use the Kestrel General Belt Carry Case as intended, following all instructions provided.
- Inspect the case regularly for any signs of wear or damage. Do not use if any part is compromised.
- Keep the belt pouch away from extreme temperatures and moisture to maintain its integrity and functionality.
- Ensure that the belt pouch is securely fastened to your belt or waistband to prevent accidental detachment during use.
- Do not overload the pouch with excessive weight, which might cause strain or damage to the case or your device.
- Store the case in a dry and cool environment when not in use.

## Specific Safety Precautions for Use

- The Kestrel General Belt Carry Case is designed for adult use. Keep out of reach of children to prevent accidental injury or misuse.
- Avoid using the case while engaging in high-risk activities (e.g., climbing, running) where it may become dislodged.
- When using the elastic loop for tools or a flashlight, ensure they are securely fastened to prevent falling or causing injury.
- Do not use the case if it is damaged or shows signs of wear that could compromise its safety features.

## Instructions for Installation and Usage

### 1. Attaching the Case:

- Slide the nylon and fiberglass Jhook onto your belt or waistband. Ensure it is securely attached and fits snugly.
- For additional security, use the hook-and-loop loop to attach the case to a backpack or strap.

### 2. Using the Case:

- Place your Kestrel device inside the pouch, ensuring it is positioned correctly and securely.
- Utilize the dedicated window to expose the sensors of the device for accurate measurements while on the move.
- Store spare batteries in the secure battery loop inside the pouch. Ensure they are properly held in place.

### 3. Removing the Case:

- To remove the case, gently detach the Jhook from your belt or waistband.
- If attached to a backpack or strap, carefully unfasten the hook-and-loop loop.

## **Disposal Instructions**

- When disposing of the Kestrel General Belt Carry Case, follow local regulations for textile and electronic waste disposal.
- If the case is damaged beyond repair, consider recycling materials where possible to minimize environmental impact.

## **Contact Information for Further Support**

For any inquiries regarding safety or product issues, please refer to the manufacturer's contact information provided with your product packaging. Always ensure you have the latest safety updates and recall information by checking the EU's Safety Gate platform.

By following these safety guidelines and instructions, you can ensure the safe and effective use of your Kestrel General Belt Carry Case. Thank you for your attention to safety and for choosing Kestrel.
