

Accessories - Kestrel General - Rotating Vane Mount& Carry Case for Kestrel 1,2,3 Series

[Gunsmith Tools](#) > [Measuring Tools](#)

The Kestrel Basic Series Vane Mount is an essential accessory for precise weather data collection. It securely mounts a Bluetooth-enabled Kestrel 2700 Ballistics Weather Meter to any tripod (tripod not included) or other ¼-20 threaded mounts. Featuring a large wind vane and precise pivot point, the Vane Mount keeps the Kestrel stable in the wind for continuous measurements of wind speed, direction, and other weather data.

Key Information at a Glance:

Weight: 295 g (10.5 oz) Size: 9 × 5 × 2 inches (22.9 × 12.7 × 5.1 cm)

Safety Instruction Guide for Kestrel General Rotating Vane Mount & Carry Case

Introduction

Thank you for choosing the Kestrel General Rotating Vane Mount and Carry Case. This product is designed to enhance your weather data collection experience by providing a stable and secure mounting solution for your Kestrel 2700 Ballistics Weather Meter. Please read this safety instruction guide carefully to ensure safe and effective use of the product.

General Safety Guidelines

- Ensure that the product is used only as intended and in accordance with the manufacturer's instructions.
- Regularly inspect the Vane Mount for any signs of wear or damage before use.
- Keep the product out of reach of children and vulnerable individuals to prevent accidents.
- Do not attempt to modify or repair the product yourself, as this may lead to unsafe conditions.
- If you notice any unusual behavior or performance issues with the product, discontinue use immediately and consult a qualified technician.

Specific Safety Precautions for Use

- Always secure the Vane Mount to a stable tripod or compatible mounting surface before use.
- Ensure that the tripod or mounting surface is placed on a flat and stable ground to prevent tipping.
- Avoid using the Vane Mount in extreme weather conditions, such as heavy storms or high winds, which may compromise its stability.
- Do not exceed the weight limit of the tripod or mounting surface to prevent accidents.
- When using the Kestrel 2700, ensure that it is properly connected via Bluetooth and that all settings are configured according to the user manual.

Instructions for Installation and Usage

1. Installation:

- Select a stable tripod or compatible mounting surface.
- Securely attach the Vane Mount to the tripod using the 1/4-20 threaded mount.
- Ensure that the mount is tightened properly to avoid any movement during use.

2. Usage:

- Attach the Kestrel 2700 Ballistics Weather Meter to the Vane Mount.
- Adjust the wind vane to ensure it is facing into the wind for accurate wind speed and direction measurements.
- Monitor the measurements on your smartphone or tablet via Bluetooth.
- Ensure that the Vane Mount remains stable and does not move during measurements.

3. PostUsage:

- After use, carefully detach the Kestrel 2700 from the Vane Mount.
- Store the Vane Mount and Carry Case in a dry place, away from direct sunlight and extreme temperatures.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the product with regular household waste.
- If you are unsure about disposal methods, consult your local waste management authority for guidance.

Contact Information for Further Support

For any inquiries or concerns regarding the Kestrel General Rotating Vane Mount and Carry Case, please refer to the manufacturer's website or customer service channels for assistance.

Thank you for your attention to these safety instructions. Your safety and satisfaction are our top priorities. Enjoy using your Kestrel General Rotating Vane Mount and Carry Case!
