

Accessories - Kestrel General - Rotating Vane Mount& Carry Case for Kestrel 5000 Series

[Gunsmith Tools](#) > [Measuring Tools](#)

This precisely engineered accessory allows secure mounting of a Kestrel 5 Series device on any tripod or 1/4-20 threaded mount. It transforms the Kestrel into a portable weather station with a large wind vane and precise pivot joint, enabling continuous measurement and recording of wind speed, direction, and other weather data.

Key Benefits:

Improved one-piece boom compared to the 4 Series. Easier mounting and more secure device hold. Compatible with extension poles for extended measurements.

Safety Instruction Guide for Kestrel General Rotating Vane Mount & Carry Case for Kestrel 5000 Series

Introduction

Thank you for choosing the Kestrel General Rotating Vane Mount & Carry Case for Kestrel 5000 Series. This accessory is designed to enhance your Kestrel device's functionality, allowing for secure mounting on tripods and providing a portable weather station experience. To ensure safe and effective use of this product, please read and follow the safety instructions outlined in this guide.

General Safety Guidelines

- Product Safety:
 - This product is designed for safe use in accordance with the EU General Product Safety Regulation (GPSR).
 - Ensure that all safety precautions are followed to mitigate risks associated with its use.
- Enhanced Recalls:
 - Stay informed about any product recalls or safety alerts related to this accessory.
 - Check for updates on the EU's Safety Gate platform.
- Online Shopping:
 - When purchasing this product online, ensure that the retailer complies with safety requirements.
- Special Consumer Focus:
 - Extra care should be taken when this product is used by children or individuals with limited mobility.
- EU Contact Point:
 - For any safety inquiries, please refer to the contact information provided by your retailer.
- Rapid Alerts:
 - Report any unsafe conditions or incidents related to this product to the appropriate authorities.

Specific Safety Precautions for Use

- Always inspect the product before use to ensure it is free from defects or damage.
- Ensure that the mount is securely attached to the tripod before placing the Kestrel device onto it.
- Do not exceed the weight limit specified for the tripod or mount to avoid accidents.
- Use only compatible tripods or mounts with a 1/4-20 threaded connection.
- Keep the product and its components out of reach of children when not in use.
- Do not use the Kestrel device in extreme weather conditions that exceed its operational limits.
- Avoid placing the Kestrel device in areas where it may be subjected to physical damage.

Instructions for Installation and Usage

1. Installation:

- Choose a stable and level surface for setting up your tripod.
- Attach the Kestrel General Rotating Vane Mount to the tripod using the 1/4-20 threaded connection.
- Ensure that the mount is tightened securely to prevent any movement.

2. Using the Kestrel Device:

- Place the Kestrel 5000 Series device onto the mount, ensuring it is securely fastened.
- Adjust the wind vane to the desired position for optimal wind direction measurement.
- Monitor the device readings continuously for accurate weather data.

3. Maintenance:

- Regularly check the mount and tripod for wear and tear.
- Clean the device and mount with a soft, dry cloth to maintain functionality.

Disposal Instructions

- Dispose of the product in accordance with local regulations for electronic waste.
- Do not throw the product in regular household waste.
- Check with local waste management authorities for proper disposal methods.

Contact Information for Further Support

For any questions or concerns regarding the Kestrel General Rotating Vane Mount & Carry Case for Kestrel 5000 Series, please refer to the contact information provided by your retailer or manufacturer.
