The Chisel Machining Mossberg 990 Folder Stock is a precision-engineered folding stock designed specifically for the Mossberg 990 platform. Machined from solid billet aluminum, this stock delivers exceptional durability, refined ergonomics, and a compact profile without compromising strength or performance.

Constructed from 6061 billet aluminum and CNC-machined to exact tolerances, the 990 Folder Stock offers outstanding rigidity and long-term reliability. Its side-folding design significantly reduces the overall length of the firearm, making it easier to transport, store, and maneuver in confined environments.

The stock features an adjustable length of pull, allowing shooters to customize the fit for optimal comfort and control. An integrated RMR-style optic mounting plate provides a stable and repeatable mounting solution for red dot optics, enhancing target acquisition and usability.

Designed with both functionality and aesthetics in mind, the Chisel Machining Mossberg 990 Folder Stock combines premium materials, precise machining, and tactical versatility—making it an ideal upgrade for professional, tactical, or enthusiast applications.

Introduction

Thank you for purchasing the Mossberg 990 Folding Stock by Chisel Machining. This guide provides essential safety instructions and information to ensure the safe and effective use of your new product. Please read this guide carefully before installation and usage.

General Safety Guidelines

- Always treat your firearm as if it is loaded, even if you believe it is not.
- Ensure that the firearm is pointed in a safe direction at all times.
- Keep your finger off the trigger until you are ready to shoot.
- Store the firearm and stock in a secure location, out of reach of children and unauthorized persons.
- Regularly inspect the stock for any signs of wear or damage before use.
- Report any unsafe products or incidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure that the Mossberg 990 Folding Stock is compatible with your firearm model before installation.
- Do not exceed the adjustable length of pull limit. Adjust only within the specified range.
- Avoid using the stock if it shows any signs of damage, such as cracks or deformation.
- Always follow the manufacturer's instructions and recommendations for use.
- Be aware that the folding mechanism may pinch or catch skin. Exercise caution when folding or unfolding the stock.
- Use the integrated RMRstyle optic mounting plate only with compatible optics to avoid instability.

Instructions for Installation and Usage

Installation

1. **Preparation:** Ensure the firearm is unloaded and pointed in a safe direction.
