

Beretta A300/1301 Handguard - Mod 1 Carbon Fiber Top Cover

[Rifle Parts](#) > [Build Kits](#) > [Handguards & Rails](#)

The Chisel Machining Beretta Handguard is a premium CNC-machined upgrade designed for the Beretta 1301 Tactical and Beretta A300 Tactical platforms. Precision-machined from solid billet aluminum, this handguard offers superior durability, improved control, and a refined tactical appearance compared to factory forends.

Manufactured from 6061 billet aluminum, the handguard provides exceptional rigidity and heat resistance while maintaining a balanced weight profile. The extended-length design allows for a more secure and comfortable support-hand grip, enhancing recoil management and overall handling during rapid or defensive use.

Its two-piece modular construction ensures a tight, secure fit and allows for straightforward installation without permanent modification to the shotgun. The aggressive surface texturing delivers reliable grip in wet conditions, under recoil, or while wearing gloves.

Designed for both performance and aesthetics, the Chisel Machining Beretta Handguard transforms the handling characteristics of the shotgun while delivering the premium look and feel expected from a billet-machined component.

Key Features

- CNC-machined from 6061 billet aluminum
- Extended-length handguard for improved grip and control
- Two-piece modular design for secure fit and easy installation
- Aggressive texture for enhanced handling in all conditions
- Designed for Beretta 1301 Tactical and A300 Tactical models
- Durable, precision-machined professional finish

Beretta A300/1301 Handguard Safety Instruction Guide

Introduction

Thank you for choosing the Beretta A300/1301 Handguard Mod 1 Carbon Fiber Top Cover by Chisel Machining. This guide provides essential safety instructions and usage information to ensure your product is used safely and effectively. Please read this guide carefully before installation and use.

General Safety Guidelines

- Always ensure that the shotgun is unloaded before installing or handling the handguard.
- Inspect the handguard for any damage or defects before use. Do not use if damaged.
- Keep the handguard and shotgun out of reach of children and unauthorized users.
- Use the handguard only with compatible Beretta models (A300 Tactical and 1301 Tactical).
- Follow all local laws and regulations regarding firearms and accessories.
- Report any unsafe products or accidents to the relevant authorities.

Specific Safety Precautions for Use

- Ensure a proper fit of the handguard to avoid any looseness that may affect handling.
- Use gloves if necessary to maintain grip and protect your hands during installation and use.
- Be aware of the handguard's edges and surfaces; they may be sharp.
- Avoid exposing the handguard to extreme heat or chemicals that could damage the material.
- Regularly check the handguard for any signs of wear or damage, especially after heavy use.

Instructions for Installation and Usage

1. Preparation

- Ensure the shotgun is unloaded and pointed in a safe direction.
- Gather necessary tools for installation (if applicable).

2. Installation Steps

- Remove the factory forend from your Beretta shotgun by following the manufacturer's instructions.
- Align the Chisel Machining handguard with the mounting points on the shotgun.
- Securely attach the handguard using the provided mounting hardware, ensuring a tight fit.
- Doublecheck that the handguard is firmly installed before handling the shotgun.

3. Usage Guidelines

- Grip the handguard firmly while shooting to enhance control and manage recoil effectively.
- Maintain awareness of your surroundings and ensure a safe shooting environment.
- Clean the handguard regularly to maintain its appearance and functionality.

Disposal Instructions

- Dispose of the handguard in accordance with local regulations regarding aluminum and composite materials.
- Do not dispose of the handguard in regular household waste. Check for recycling options in your area.

Contact Information for Further Support

For any inquiries related to safety, installation, or product support, please refer to the manufacturer's website or customer service resources.

Thank you for your attention to these safety instructions. Enjoy your enhanced shooting experience with the Beretta A300/1301 Handguard!
