

# HNT Buttstock Folding - MDT Buttstock - HNT Buttstock Folding - BCF

[Rifle Parts](#) > [Stock Parts](#) > [Buttstocks](#)

The same ultralight carbon fiber folding buttstock trusted on our popular HNT26 chassis is now available as a standalone upgrade for MDT's latest LSS GEN3 and other XTN precision rifle interface models. Designed to reduce rear-end weight without sacrificing strength or adjustability, the HNT Carbon Fiber Buttstock keeps your rifle stable, quiet, and dependable wherever the mission takes you.

Weighing just 16 oz in the folding configuration, the carbon fiber shell eliminates unnecessary bulk, making it ideal for long backcountry hunts, tight pack-outs, competition stages, or any situation where every ounce matters. Carry less weight and go farther without compromising performance.

Fit is fully customizable. A spacer-adjustable length of pull combined with an adjustable cheek piece allows you to dial the rifle perfectly to your body. The result is a repeatable, comfortable shooting position that enhances consistency and control.

The folding mechanism reduces overall rifle length for transport and backpack carry, making it easier to maneuver through dense terrain or travel with confidence. When space is limited, compact matters.

New with GEN3, the foam-filled carbon core further refines the shooting experience. It dampens vibration and reduces felt recoil, giving the rifle a more solid, deadened recoil impulse while also minimizing unwanted noise from contact with gear or other equipment in the field.

Purpose-built specifically around MDT's XTN interface — including the Short XTN adapter — this buttstock achieves practical length-of-pull ranges tailored for lightweight hunting builds without sacrificing structural integrity.

# HNT Buttstock Folding MDT Buttstock Safety Instructions

## Introduction

Thank you for choosing the HNT Buttstock Folding MDT Buttstock. This product is designed to enhance your shooting experience while ensuring safety and compliance with the EU General Product Safety Regulation (GPSR). Please read this safety instruction guide carefully to understand how to use your product safely and effectively.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always inspect the buttstock for any visible damage before use.
- Keep the buttstock away from children and vulnerable individuals.
- Store the buttstock in a safe location when not in use.
- Follow all local laws and regulations regarding firearm accessories.
- Report any unsafe products or accidents to the appropriate authorities.
- Check for recall updates on the EU's Safety Gate platform.

## Specific Safety Precautions for Use

- **Weight Consideration:** The HNT Buttstock weighs 16 oz. Be mindful of the overall weight of your firearm and its impact on handling.
- **Adjustability:** Ensure that the length of pull and cheek piece adjustments are secure before use to prevent unexpected movement while shooting.
- **Folding Mechanism:** Always ensure that the folding mechanism is properly engaged and locked when the buttstock is in use.
- **Vibration and Recoil:** The foamfilled carbon core is designed to dampen vibration and reduce recoil. However, always practice safe shooting techniques to manage recoil effectively.
- **Environmental Awareness:** Be cautious when maneuvering in dense terrain, and ensure that the buttstock does not snag on branches or other obstacles.
- **Transport Safety:** When transporting the rifle, ensure that the buttstock is folded and secured to prevent accidental opening.

## Instructions for Installation and Usage

### 1. Installation:

- Remove the existing buttstock from your rifle, following the manufacturer's instructions.
- Align the HNT Buttstock with the rifle's interface and securely attach it.
- Make sure all screws and fittings are tightened to ensure stability.

### 2. Adjusting the Buttstock:

- To adjust the length of pull:
  - Use the provided spacer tool to modify the length as needed.
  - Ensure the adjustment is locked in place before use.
- To adjust the cheek piece:
  - Loosen the adjustment screw, set to your desired height, and tighten securely.

### 3. Folding the Buttstock:

- To fold the buttstock, gently pull the release lever while pushing the buttstock towards the rifle.
- Ensure that the buttstock is securely folded and locked in place for safe transport.

#### **4. Using the Buttstock:**

- When ready to shoot, unfold the buttstock and ensure it is locked in position.
- Maintain a proper shooting stance and grip the rifle firmly.

## **Disposal Instructions**

- Dispose of the HNT Buttstock responsibly at a local recycling or waste management facility that accepts composite materials.
- Do not burn the buttstock or dispose of it in regular household waste.
- Follow local regulations for the disposal of firearm accessories.

## **Contact Information for Further Support**

For any questions or concerns regarding the HNT Buttstock Folding MDT Buttstock, please contact your retailer or manufacturer directly for assistance. Always ensure that you have the most current information regarding safety and usage.

Thank you for prioritizing safety while using the HNT Buttstock Folding MDT Buttstock. Enjoy your shooting experience!
