

Chassis - LSS Gen3 System - Ruger American - SA - RH - Worker - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

MDT Chassis LSS Gen3 System Safety Instruction Guide

Introduction

Thank you for choosing the MDT LSS Gen3 Worker Kit. This guide provides essential safety information and instructions to ensure the safe use of your new chassis system. Please read this guide carefully before using the product to understand its features, safety precautions, and proper handling.

General Safety Guidelines

- **Product Safety:** Ensure safe use of the MDT LSS Gen3 Worker Kit by following the instructions in this guide. This product is designed for reliability and performance, but improper use can lead to accidents.
- **Enhanced Recalls:** Stay informed about any recalls or safety notices related to this product. If you receive a recall notice, follow the instructions provided to ensure your safety.
- **Online Shopping Protections:** If you purchased this product online, be assured that it meets the same safety requirements as those sold in physical stores.
- **Special Consumer Focus:** This product is not intended for use by children. Keep it out of reach of minors.
- **EU Contact Point:** For any safety inquiries, please refer to the contact information provided by your retailer.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate platform.

Specific Safety Precautions for Use

- **Read the Manual:** Always read this manual thoroughly before using the MDT LSS Gen3 Worker Kit.
- **Inspect Before Use:** Check the chassis for any visible damage or defects before installation and use.
- **Proper Handling:** Handle the chassis with care. Avoid dropping or subjecting it to excessive force.
- **Use Appropriate Firearm:** Ensure that the chassis is compatible with the Ruger American rifle and that the firearm is in good working condition.
- **Secure Fit:** Ensure that the action is securely fitted into the chassis to prevent any movement during use.
- **Wear Safety Gear:** Always wear appropriate safety gear, including eye protection and hearing protection, when operating any firearm.
- **Training:** If you are new to firearms, seek training from a qualified instructor before using the chassis.
- **Check Local Laws:** Be aware of and comply with local laws and regulations regarding firearm use and chassis modifications.

Instructions for Installation and Usage

1. Installation:

- Remove the action from the Ruger American rifle according to the manufacturer's instructions.
- Place the action into the MDT LSS Gen3 chassis, ensuring that it fits securely.
- Use the provided screws to secure the action in place, following the torque specifications provided in the manufacturer's manual.
- Attach the CCS buttstock to the rear of the chassis, ensuring a snug fit.
- If desired, attach any accessories using the MLOK slots as needed.

2. Usage:

- Before each use, inspect the chassis to ensure it is in good condition.

- Load the rifle with an appropriate AICS magazine and ensure it is seated properly.
- Adjust the buttstock for a comfortable and stable shooting position.
- When ready to shoot, ensure that you are in a safe location and follow all firearm safety rules.
- After use, ensure the firearm is unloaded and store the chassis in a safe location.

Disposal Instructions

- **Environmental Considerations:** Dispose of the MDT LSS Gen3 Worker Kit responsibly, following local regulations for electronic and plastic waste.
- **Recycling:** If possible, recycle components of the chassis to minimize environmental impact.
- **Hazardous Materials:** Do not dispose of the product in regular household waste if it contains hazardous materials. Check local guidelines for proper disposal methods.

Contact Information for Further Support

For any questions regarding the MDT LSS Gen3 Worker Kit, please refer to the retailer from whom you purchased the product for assistance. They can provide additional support and information related to safety and usage.

Thank you for your attention to these safety instructions. Enjoy using your MDT LSS Gen3 Worker Kit responsibly and safely.
