

# Chassis - LSS Gen3 System - Ruger 10/22 - Worker - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

# MDT Chassis LSS Gen3 System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System designed for the Ruger 10/22. This product is engineered to provide a reliable, portable, and userfriendly platform for shooters of all experience levels. To ensure the safe and effective use of your MDT Chassis, please follow the guidelines and instructions outlined in this safety instruction guide.

## General Safety Guidelines

- Always treat your firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Be aware of your surroundings and ensure a clear line of sight before shooting.
- Store the MDT Chassis and any associated firearms securely and out of reach of children.
- Regularly inspect your MDT Chassis for any signs of wear or damage before use.
- Use only compatible accessories and components with the MDT Chassis.
- Follow all local laws and regulations regarding firearms and their use.

## Specific Safety Precautions for Use

- **Age Restrictions:** This product is not intended for use by individuals under the age of 18 without adult supervision.
- **Shooting Environment:** Always use the MDT Chassis in designated shooting areas. Ensure that the area is clear of bystanders and that you have the appropriate backstop.
- **Weather Conditions:** Avoid using the MDT Chassis in extreme weather conditions that could affect performance or safety.
- **Personal Protective Equipment:** Always wear appropriate eye and ear protection when shooting.
- **Transportation:** When transporting the MDT Chassis, ensure it is securely stored and that the firearm is unloaded.

## Instructions for Installation and Usage

### Installation

1. **Unpack the Chassis:** Carefully remove the MDT Chassis from its packaging. Inspect for any visible damage.
2. **Attach the Stock:** Align the stock with the chassis and secure it using the provided screws. Ensure it is tightened properly but do not overtighten.
3. **Install Accessories:** Utilize the MLOK slots to attach any accessories as needed. Ensure that all attachments are securely fastened.
4. **Fit the Action:** Place the action of your Ruger 10/22 into the chassis. Ensure it fits snugly and that the Vblock bedding system is properly engaged.
5. **Check Magazine Compatibility:** Insert the AICS magazine to confirm compatibility and ensure smooth feeding.

### Usage

1. **Loading the Firearm:** Ensure the firearm is pointed in a safe direction. Load the magazine and insert it into the firearm.
2. **Shooting Position:** Use the CCS buttstock to achieve a stable shooting position. Adjust as necessary for comfort and ergonomics.
3. **Firing:** Once ready, engage the safety and aim before firing. Always remain aware of your surroundings.

4. **PostShooting:** After use, ensure the firearm is unloaded before disassembling or storing the MDT Chassis.

## **Disposal Instructions**

- Dispose of the MDT Chassis in accordance with local regulations regarding electronic waste and firearms components.
- Do not dispose of the chassis in regular household waste. Instead, take it to a designated recycling or waste disposal facility that accepts such items.

## **Contact Information for Further Support**

For any safety inquiries or support regarding the MDT Chassis LSS Gen3 System, please refer to the official MDT website or contact the retailer from whom you purchased the product. Always ensure that you have the necessary information at hand for any safety concerns.

By following these guidelines, you will help ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Your safety is our priority. Thank you for your attention to these important instructions.
