

# Chassis - LSS Gen3 System - Ruger 10/22 - Worker - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

# MDT Chassis LSS Gen3 System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System. This product is designed for reliability, portability, and ease of use. To ensure your safety and the optimal performance of the chassis, please read this safety instruction guide carefully before use.

## General Safety Guidelines

- Ensure that the chassis is used only for its intended purpose.
- Always handle firearms safely and responsibly.
- Keep the chassis and any firearms stored securely when not in use.
- Be aware of your surroundings when using the chassis and firearm.
- Follow all local laws and regulations regarding firearms and their use.
- Regularly inspect the chassis for any signs of wear or damage.
- If you experience any issues or concerns with the product, discontinue use immediately and seek assistance.

## Specific Safety Precautions for Use

- **Personal Protective Equipment (PPE):**

- Always wear appropriate eye and ear protection when using firearms.
- Consider using gloves to maintain grip and protect your hands.

- **Handling:**

- Always treat the firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Do not place your finger on the trigger until you are ready to shoot.

- **Environment:**

- Use the chassis only in designated shooting areas.
- Ensure that the area is clear of people and obstacles before firing.

- **Children and Vulnerable Groups:**

- Keep the chassis and firearms out of reach of children.
- Provide proper supervision and training if allowing inexperienced individuals to use the chassis.

## Instructions for Installation and Usage

- **Installation:**

- Follow the manufacturer's instructions for assembling the chassis.
- Ensure that all components are securely attached before use.
- Check the compatibility of your firearm with the chassis.

- **Usage:**

- Familiarize yourself with the features of the chassis before use.
- Adjust the buttstock and other components for a comfortable fit.
- Practice loading and unloading the firearm safely before using it in the field.
- Regularly clean and maintain the chassis to ensure optimal performance.

## **Disposal Instructions**

- Dispose of the chassis in accordance with local regulations.
- Do not dispose of the chassis in regular household waste.
- Consider recycling options where available.

## **Contact Information for Further Support**

For any inquiries or concerns regarding the MDT Chassis LSS Gen3 System, please refer to the contact information provided in the product packaging or visit the manufacturer's website for assistance.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Thank you for your commitment to safety!
