

Chassis - LSS Gen3 System - Ruger American - SA - LH - Worker - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

Safety Instruction Guide for MDT Chassis LSS Gen3 System

Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System. This product is designed for reliable and effective performance in various shooting scenarios. To ensure your safety and the safety of others, please read and follow the instructions and guidelines outlined in this document carefully.

General Safety Guidelines

- Always treat the chassis as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure the area is clear of people and obstacles before using the chassis.
- Always use eye and ear protection when operating firearms.
- Store the chassis and any associated equipment securely when not in use.
- Be aware of your surroundings and know the laws regarding firearm use in your area.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Do not modify the chassis in any way that may compromise its safety or functionality.

Specific Safety Precautions for Use

- Ensure that all components, including the stock and forend, are properly attached before use.
- Verify that the magazine is compatible and securely inserted into the chassis.
- Use only ammunition that is appropriate for the specific firearm you are using with the chassis.
- Avoid using the chassis in extreme weather conditions without proper precautions.
- If you experience any malfunctions, cease use immediately and consult a qualified gunsmith.

Instructions for Installation and Usage

Installation

1. Assemble the Chassis:

- Remove all packaging materials carefully.
- Ensure you have all components: chassis, buttstock, and any accessories.
- Follow the manufacturer's instructions for attaching the buttstock and any additional components.

2. Attach the Firearm:

- Ensure the firearm is unloaded before attaching it to the chassis.
- Align the action of the firearm with the bedding system of the chassis.
- Secure the firearm using the provided hardware, ensuring a snug fit.

3. Adjust the Buttstock:

- Adjust the CCS buttstock to fit your shoulder comfortably.
- Ensure the stock is locked in place before use.

Usage

1. Loading:

- Load the magazine with compatible ammunition.
- Insert the magazine into the chassis until it clicks into place.

2. **Shooting:**

- Assume a stable shooting position.
- Ensure your grip is firm and your sight is aligned.
- Fire the weapon while maintaining control and awareness of your surroundings.

3. **After Use:**

- Unload the firearm and remove the magazine.
- Store the chassis and firearm securely.

Disposal Instructions

- Dispose of packaging materials responsibly, following local recycling guidelines.
- If the chassis or any components are damaged beyond repair, consult local regulations for proper disposal methods.
- Do not dispose of the chassis in regular household waste if it contains hazardous materials.

Contact Information for Further Support

For any questions or concerns regarding the MDT Chassis LSS Gen3 System, please reach out to the designated EU contact point for product safety inquiries. Ensure to have your product details available for reference.

By following these safety instructions, you will help ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Always prioritize safety and remain informed about best practices in firearm handling.
