

Chassis - LSS Gen3 System - Ruger American - AR - RH - Worker - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

MDT Chassis LSS Gen3 System Safety Instruction Guide

Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System. This manual provides important safety instructions to ensure the safe use of your product. Please read this guide carefully to understand how to operate, maintain, and dispose of the product safely.

General Safety Guidelines

To ensure the safe use of your MDT Chassis LSS Gen3 System, please follow these general safety guidelines:

- Always follow the manufacturer's instructions for use and maintenance.
- Ensure that all users are familiar with the product and its features before use.
- Conduct regular inspections of the chassis to identify any signs of wear or damage.
- Store the chassis in a secure location, away from children and unauthorized users.
- Use appropriate protective gear when handling firearms.
- Report any unsafe conditions or product defects to the relevant authorities.

Specific Safety Precautions for Use

When using the MDT Chassis LSS Gen3 System, please observe the following specific safety precautions:

- Ensure that the firearm is unloaded before attaching or detaching the chassis.
- Always point the firearm in a safe direction when handling.
- Keep your finger off the trigger until you are ready to shoot.
- Be aware of your surroundings and ensure a safe shooting environment.
- Use only compatible accessories and components with the chassis.
- Do not modify the chassis or use it in ways not intended by the manufacturer.
- Ensure that the chassis is securely attached to the firearm before use.
- If you notice any unusual behavior or performance issues, discontinue use immediately and consult a qualified technician.

Instructions for Installation and Usage

To ensure proper installation and usage of the MDT Chassis LSS Gen3 System, follow these steps:

Installation Instructions

1. **Unpack the Product:** Carefully remove the MDT Chassis from its packaging and inspect for any damage.
2. **Prepare the Firearm:** Ensure that the firearm is unloaded and safe to handle.
3. **Attach the Chassis:**
 - Align the chassis with the firearm's action.
 - Securely fasten the chassis using the provided screws and tools.
 - Ensure that all connections are tight and secure.
4. **Check Compatibility:** Verify that the magazine and other components are compatible with the chassis.
5. **Adjust the Buttstock:** Adjust the CCS buttstock to fit your shooting preference.

Usage Instructions

- Before each use, inspect the chassis for any signs of damage or wear.
- Ensure that all accessories are properly attached and secured.

- Practice safe shooting habits and follow all local laws and regulations regarding firearm use.

Disposal Instructions

When it comes time to dispose of your MDT Chassis LSS Gen3 System, please follow these guidelines:

- Do not dispose of the product in regular household waste.
- Check local regulations regarding the disposal of firearm accessories.
- If applicable, return the product to the manufacturer for proper disposal.
- Ensure that all components are rendered inoperable before disposal to prevent misuse.

Contact Information for Further Support

For any inquiries or concerns regarding the MDT Chassis LSS Gen3 System, please consult the manufacturer's website or customer support resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Thank you for prioritizing safety and responsible firearm use.
