

# Chassis - LSS Gen3 System - Ruger American - AR - RH - Worker - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

# MDT Chassis LSS Gen3 System Safety Instruction Guide

## Introduction

Thank you for choosing the MDT LSS Gen3 Worker Kit. This product is designed for reliability, portability, and simplicity, making it suitable for various shooting activities. Please read this safety instruction guide carefully to ensure safe and effective use of your MDT Chassis.

## General Safety Guidelines

- Always treat every firearm as if it is loaded.
- Keep the muzzle pointed in a safe direction at all times.
- Ensure the safety is engaged when not actively firing.
- Store firearms securely and out of reach of children and unauthorized users.
- Be aware of your surroundings and know what is beyond your target.
- Use appropriate eye and ear protection when shooting.
- Regularly inspect your equipment for any signs of wear or damage.
- Follow all local laws and regulations regarding firearm use and ownership.

## Specific Safety Precautions for Use

- Ensure that the MDT LSS Gen3 Worker Kit is compatible with your firearm model before use.
- Do not modify the chassis or components beyond the manufacturer's specifications.
- Use only authorized accessories with MLOK slots to ensure secure attachment.
- Avoid exposure to extreme temperatures, moisture, or corrosive substances, which can damage the chassis.
- Always check that the action is clear and the firearm is unloaded before installing or removing the chassis.
- Be cautious when handling the chassis, as sharp edges may cause injury.

## Instructions for Installation and Usage

### 1. Installation

- Ensure you are in a safe environment with no distractions.
- Unload your firearm and ensure it is safe to handle.
- Remove the existing stock from your firearm according to the manufacturer's instructions.
- Align the MDT LSS Gen3 Worker Kit with the action of your firearm.
- Securely attach the chassis using the provided hardware, ensuring everything is tightened to the manufacturer's specifications.

### 2. Usage

- Once installed, familiarize yourself with the handling and operation of the MDT LSS Gen3 Worker Kit.
- Adjust the CCS buttstock to your preferred length of pull for comfort and stability.
- Attach any accessories as needed using the MLOK slots, ensuring they are securely fastened.
- Conduct a function check to ensure proper operation before heading to the range or field.

### 3. PostUse Care

- After use, clean the chassis and your firearm according to the manufacturer's instructions.

- Store the chassis and firearm in a safe and secure location.

## **Disposal Instructions**

- Dispose of the MDT LSS Gen3 Worker Kit in accordance with local regulations.
- Do not dispose of the product in regular household waste.
- Check with local authorities for proper disposal methods for firearms and firearm components.

## **Contact Information for Further Support**

For any questions or concerns regarding the MDT LSS Gen3 Worker Kit, please refer to the product documentation or contact your local dealer for assistance.

By following these safety guidelines and instructions, you can ensure safe and effective use of your MDT LSS Gen3 Worker Kit. Thank you for your attention to safety and for choosing our product.
