[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

Need one rifle that can truly do it all? Start here. The MDT LSS GEN3 Tactical Kit is engineered around flexibility, reliability, and rugged performance. Whether it's your dependable truck gun, a backcountry bolt-action rig, or a range build you want to fully customize, this kit delivers the foundation to make it happen.

With ergonomics inspired by the AR-15 platform, it offers a familiar feel paired with bolt-action precision. The result is a system that feels intuitive in hand while maintaining the accuracy and control serious shooters demand. Fully capable and fully upgradeable, it adapts to your mission without compromise.

Built to take a beating, the Tactical Kit doesn't budge under pressure. A rock-solid fit, rigid forend, and durable construction throughout ensure consistent performance in harsh conditions. This isn't about shaving ounces or building the lightest possible setup. It's about rugged reliability and endless flexibility. When conditions get tough, this chassis holds its ground.

The included SCS Buttstock gives you tool-less control over length of pull, cheek height, and buttpad position. Adjust your fit on the fly and maintain a repeatable shooting position no matter the environment or shooting style.

Up front, the Tactical Forend features M-LOK slots on all five faces, giving you maximum mounting versatility. Add a bipod, internal or external weights, a sling, a weapon light, spare rounds, or any mission-specific accessory you need. Configure it for tactical applications, vehicle carry, field use, or a versatile do-it-all range setup.

While this is a pre-configured kit, it's built on the LSS GEN3 Chassis platform—meaning the modularity doesn't stop here. Swap the grip. Change the forend. Install a different stock for a different role. As your needs evolve, your rifle evolves with you.

# MDT Chassis LSS Gen3 System Safety Instructions

## Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System. This product is designed for flexibility, reliability, and rugged performance. To ensure safe and effective use of this product, please read and follow these safety instructions carefully.

## General Safety Guidelines

- Always treat the rifle and chassis as if they are loaded.
- Ensure that you are in a safe environment when handling the rifle.
- Keep the rifle pointed in a safe direction at all times.
- Store the rifle and chassis in a secure location, out of reach of children and unauthorized users.
- Regularly inspect the chassis and components for any signs of wear or damage before use.
- Follow all local laws and regulations regarding firearm ownership and use.
- Be aware of your surroundings and ensure that there are no people or animals in the line of fire.
- Use appropriate eye and ear protection when shooting.
- Do not modify or alter the chassis or components unless specified by the manufacturer.

## Specific Safety Precautions for Use

- **Ergonomics and Control:** Familiarize yourself with the ergonomics of the MDT LSS GEN3 Tactical Kit to ensure comfortable handling and control.
- **Length of Pull Adjustment:** When adjusting the SCS Buttstock, ensure that your adjustments do not compromise your grip or control of the rifle.
- **Forend Accessories:** When attaching accessories to the Tactical Forend, ensure that they are securely mounted to prevent them from becoming loose during use.
- **Weight Management:** Be mindful of the total weight of the rifle when adding internal or external weights. Ensure that the configuration remains manageable for your shooting style.
- **Environmental Conditions:** Use the chassis in conditions for which it was designed. Avoid exposure to extreme environments that may affect its performance.

## Instructions for Installation and Usage

### 1. Installation of the Chassis:

- Ensure that the rifle is unloaded before beginning the installation.
- Follow the manufacturer's guidelines for mounting the rifle securely into the chassis.
- Check that all screws and fittings are tightened appropriately to prevent movement.

### 2. Adjusting the SCS Buttstock:

- Loosen the adjustment knob to modify the length of pull, cheek height, and buttpad position.
- Make adjustments while holding the rifle to ensure a proper fit.
- Tighten the adjustment knob securely after making changes.

### 3. Attaching Accessories to the Tactical Forend:

- Identify the MLOK slots on the forend.
- Select the appropriate accessories and ensure they are compatible with the MLOK system.
- Securely attach the accessories by following the manufacturer's instructions.

#### **4. Routine Maintenance:**

- Regularly clean the chassis and components to ensure optimal performance.
- Inspect for any signs of wear or damage and replace parts as necessary.
- Store the chassis in a dry, secure place when not in use.

## **Disposal Instructions**

- Dispose of the MDT Chassis LSS Gen3 System in accordance with local regulations concerning electronic and firearm components.
- If the product is damaged or no longer usable, consider recycling components where possible.
- Do not dispose of in regular household waste.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the MDT Chassis LSS Gen3 System, please refer to the manufacturer's website or customer service channels. Always ensure that you are following safety guidelines and regulations as outlined in this document.

By adhering to these safety instructions, you will ensure a safer experience while using the MDT Chassis LSS Gen3 System. Thank you for prioritizing safety and responsible use.
