

# Chassis - LSS Gen3 System - Ruger American - LA - RH - Worker - BLK

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

# Safety Instruction Guide for MDT Chassis LSS Gen3 System

## Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System. This guide provides important safety instructions and guidelines to ensure the safe and effective use of your product. Please read this guide carefully before using the chassis.

## General Safety Guidelines

- Ensure the product is used only for its intended purpose.
- Always follow local laws and regulations regarding firearms and accessories.
- Keep the chassis out of reach of children and unauthorized users.
- Regularly inspect the chassis for any signs of damage or wear.
- Report any unsafe conditions or incidents to the appropriate authorities.
- Check for product recalls on the EU Safety Gate platform.

## Specific Safety Precautions for Use

- Always ensure the firearm is unloaded before attaching or detaching the chassis.
- Use only compatible firearms as specified in the product documentation.
- Avoid using the chassis in extreme weather conditions that could affect performance.
- Do not modify the chassis or use aftermarket parts not recommended by the manufacturer.
- Ensure all accessories attached to the chassis are securely fastened.
- Be mindful of your surroundings when using the chassis, especially in hunting or shooting scenarios.

## Instructions for Installation and Usage

### 1. Installation:

- Verify that you have all components included in the package.
- Ensure that the firearm is unloaded and pointed in a safe direction.
- Remove the existing stock from the firearm according to the manufacturer's instructions.
- Align the action of the firearm with the Vblock bedding system of the chassis.
- Secure the action in place using the provided screws, ensuring a snug fit.
- Attach the CCS buttstock to the rear of the chassis, adjusting it for comfort and stability.
- Check that all components are securely fastened before use.

### 2. Usage:

- To adjust the buttstock, loosen the adjustment lever, set to the desired length, and tighten the lever securely.
- Utilize the MLOK slots to attach accessories as needed, ensuring they are properly installed.
- Practice safe handling and shooting practices at all times.
- Regularly clean and maintain the chassis to ensure optimal performance.

## Disposal Instructions

- Dispose of the chassis and any components in accordance with local regulations.
- If the product is no longer usable, consider recycling materials where possible.
- Do not dispose of the product in household waste.

## **Contact Information for Further Support**

For any inquiries or further assistance regarding the MDT Chassis LSS Gen3 System, please refer to the manufacturer's website or customer service resources.

By following these safety instructions, you can ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Thank you for your attention to safety.
