

Chassis - LSS Gen3 System - Ruger American - LA - RH - Worker - FDE

[Rifle Parts](#) > [Stock Parts](#) > [Rifle Stocks](#)

The MDT LSS GEN3 Worker Kit is built for those who value reliability, portability, and simplicity in one rugged, hard-working platform. Whether you're hunting hogs at dusk, riding the fenceline at first light, or keeping a coyote rifle behind the truck seat, this chassis is always ready to go when you are.

Lightweight, compact, and easy to run, the Worker Kit is designed for real-world use. Toss it in the truck. Strap it to your pack. Hand it to a new shooter or a seasoned rifleman—it simply works. No unnecessary bulk. No complicated setup. Just dependable performance when it matters.

Built for movement, this setup shines whether you're covering miles on foot or hopping in and out of a vehicle all day. It deploys quickly and carries comfortably, making it ideal as a truck gun, ranch rifle, pack build, or even a youth training platform. Whether it's your first rifle or your fifth, this is the kind of build that earns its keep—and gets used hard.

The short forend with durable polymer side panels keeps the profile slim while adding comfort, grip, and temperature resistance where it counts. At the rear, the CCS buttstock maintains a compact footprint without sacrificing ergonomics, giving shooters of all experience levels a stable and intuitive shooting position.

Under the hood, the Worker Kit delivers the same professional-grade features serious shooters rely on. AICS magazine compatibility ensures broad mag options and dependable feeding. The V-block bedding system provides a secure, repeatable action fit without traditional bedding work. M-LOK slots allow you to add accessories as needed, from bipods to slings and beyond.

Though it comes pre-built for convenience, the Worker Kit is powered by the LSS GEN3 Chassis platform at its core—meaning you're never locked into one configuration. Upgrade the stock. Change the grip. Swap the forend for a full-length ARCA setup. It's ready to grow as your needs evolve.

MDT Chassis LSS Gen3 System Safety Instruction Guide

Introduction

Thank you for choosing the MDT Chassis LSS Gen3 System for your firearm needs. This guide provides essential safety instructions and guidelines to ensure the safe and effective use of your new chassis. Please read this manual thoroughly before use.

General Safety Guidelines

- Ensure that you are familiar with the laws and regulations regarding firearm use in your area.
- Always treat every firearm as if it is loaded.
- Keep the firearm pointed in a safe direction at all times.
- Store the chassis and firearm securely to prevent unauthorized access, especially by children.
- Regularly inspect the chassis for any signs of wear or damage before use.
- Use only compatible accessories and components as specified by the manufacturer.

Specific Safety Precautions for Use

- **Age Restrictions:** This product is not intended for use by individuals under the age of 18 without adult supervision.
- **Hunting Safety:** When using the chassis for hunting, be aware of your surroundings and ensure you have a clear line of sight before firing.
- **Transport Safety:** Always transport your firearm in a secure manner, ensuring it is unloaded and stored in a protective case.
- **Maintenance:** Follow the manufacturer's recommendations for cleaning and maintaining the chassis to ensure optimal performance and safety.
- **Training:** If you are new to firearms, seek training from a qualified instructor before using the MDT Chassis.

Instructions for Installation and Usage

1. Installation:

- Ensure the firearm is unloaded before beginning the installation process.
- Follow the manufacturer's instructions for attaching the chassis to your firearm securely.
- Check the fitment of the chassis to ensure it is securely mounted.

2. Usage:

- Familiarize yourself with the controls and features of the MDT Chassis before use.
- Practice safe handling techniques at all times.
- Use the chassis in a suitable environment, avoiding areas where there may be bystanders or nontargets.

Disposal Instructions

- Dispose of the chassis and any associated components in accordance with local regulations.
- Do not dispose of in regular household waste. Check for recycling options or designated disposal sites for firearms accessories.
- Ensure that any hazardous materials are handled according to safety guidelines.

Contact Information for Further Support

For any questions or concerns regarding the MDT Chassis LSS Gen3 System, please refer to the manufacturer's official contact points for assistance. Ensure that you have the product information ready for a more efficient response.

Conclusion

By following these safety instructions and guidelines, you can ensure a safe and enjoyable experience with your MDT Chassis LSS Gen3 System. Always prioritize safety and responsible usage in all your firearm activities. Thank you for your commitment to safety.
