SG Pulse Pro Remote Control Safety Instructions

Introduction

Thank you for choosing the SG Pulse Pro Remote Control. This device is designed to enhance your control over equipment during stage runs while ensuring safety and ease of use. This safety instruction guide provides essential information to ensure the safe operation of your SG Pulse Pro Remote Control. Please read and follow these instructions carefully.

General Safety Guidelines

- Ensure that the SG Pulse Pro Remote Control is used only for its intended purpose.
- Keep the device out of reach of children and vulnerable individuals to prevent misuse.
- Regularly inspect the remote control for any signs of damage or wear. If damaged, discontinue use immediately.
- Store the remote control in a cool, dry place when not in use to prevent moisture damage.
- Follow all local regulations regarding the use of electronic devices in your area.

Specific Safety Precautions for Use

- **Ergonomic Control:** Always maintain a firm grip on the remote control while using it. Avoid distractions that may lead to accidental activation of buttons.
- **Instant Stage Management:** Ensure you are familiar with the stage timer functions before use to avoid confusion during critical moments.
- **Seamless Target Switching:** Practice switching between targets on the digital DOPE card in a controlled environment before using the device in a live setting.
- **Battery Safety:** If your remote control requires batteries, use only the recommended type. Do not mix old and new batteries, or different brands.
- **Charging:** If applicable, only use the provided charging cable and adapter. Do not charge the remote control in wet or damp conditions.

Instructions for Installation and Usage

1. Installation:

- Place the SG Pulse Pro Remote Control in a location where it is easily accessible during use.
- Ensure that the remote control is within range of the equipment it is intended to manage.

2. Usage:

- Power on the remote control by pressing the designated power button.
- Familiarize yourself with the layout and functions of the buttons before starting your activity.
- Use the ergonomic design to maintain a comfortable grip while operating the remote control.
- To start the stage timer, press the designated start button. To stop, press the stop button.
- For target switching, press the corresponding button while maintaining focus on your target.

Disposal Instructions

- Dispose of the SG Pulse Pro Remote Control in accordance with local electronic waste regulations.
- Do not throw the remote control in household waste. Instead, take it to a designated electronic waste recycling center.
- Remove batteries before disposal, and recycle them separately if possible.

Contact Information for Further Support

For any questions or concerns regarding the SG Pulse Pro Remote Control, please refer to the manufacturer's website or contact customer support for assistance. Ensure you have the product details ready for efficient support.

By following these safety instructions, you can ensure a safe and effective experience with your SG Pulse Pro Remote Control. Thank you for your attention to safety.
