

SG Pulse Pro Ocular USB

Enhance your precision shooting accuracy with the standalone Ocular LED module for the SG Pulse Pro. This external indicator places the electronic anti-cant level directly underneath your scope's eyepiece, allowing you to monitor your rifle's level in your peripheral vision without ever losing your sight picture or breaking your cheek weld. Key Features and Capabilities

Direct Line-of-Sight Leveling

Mounts directly beneath your scope tube's ocular lens to bring the anti-cant status right into your natural field of view.

Optimized Visibility in All Lighting Conditions

Ultra-bright LEDs ensure the level indicators remain exceptionally clear and easy to read even under harsh, direct sunlight.

Fully adjustable brightness control allows you to train comfortably in low-light environments or complete darkness without straining your eyes.

SG Pulse Pro Ocular USB Safety Instruction Guide

Introduction

Thank you for choosing the SG Pulse Pro Ocular USB. This guide provides essential safety instructions to ensure the safe and effective use of the product. Please read this guide carefully before installation and usage to maximize your safety and the performance of the device.

General Safety Guidelines

- Ensure the product is used in accordance with the manufacturer's instructions.
- Regularly inspect the device for any signs of damage or malfunction.
- Keep the product out of reach of children and vulnerable individuals.
- Do not use the device in adverse weather conditions that may compromise its functionality.
- If you encounter any issues or have safety concerns, report them to the appropriate authorities.

Specific Safety Precautions for Use

- Do not look directly into the LED lights when they are on, as this may cause temporary vision impairment.
- Ensure that the Ocular LED module is securely mounted to prevent it from detaching during use.
- Avoid using the device while operating a vehicle or engaging in activities that require full attention.
- Be cautious when adjusting the brightness settings to avoid straining your eyes in lowlight conditions.
- If the device exhibits unusual behavior, such as flickering lights or failure to power on, discontinue use immediately and seek assistance.

Instructions for Installation and Usage

Installation

1. **Unbox the Product:** Carefully remove the SG Pulse Pro Ocular USB from its packaging.
2. **Identify Mounting Location:** Determine the best location for mounting the Ocular LED module directly beneath your scope's ocular lens.
3. **Secure the Module:** Use the provided mounting hardware to secure the module in place. Ensure it is tightly fastened to prevent movement during use.
4. **Connect the Power:** Plug the Ocular USB into the appropriate power source. Ensure the connection is secure.
5. **Test the Device:** Turn on the device to ensure it is functioning correctly. Check that the LED indicators are visible and properly aligned.

Usage

1. **Adjust Brightness:** Use the brightness control feature to set the LED indicators to a comfortable level based on your lighting conditions.
2. **Monitor Leveling:** Keep your rifle's level in view while maintaining your sight picture. The Ocular LED module allows you to monitor the anticant status without losing focus on your target.
3. **Regular Checks:** Periodically check the alignment and functionality of the module during your shooting sessions.

Disposal Instructions

- Dispose of the product in accordance with local regulations regarding electronic waste.
- Do not dispose of the device in regular household waste.
- Consider recycling options available in your area to minimize environmental impact.

Contact Information for Further Support

For any inquiries or concerns regarding safety and usage, please refer to the manufacturer's website or customer service for assistance.

Thank you for following these safety guidelines. Your safety and satisfaction are our top priorities. Enjoy your shooting experience with the SG Pulse Pro Ocular USB!
