

SG Pulse Pro Remote and Ocular USB

Take your precision shooting setup to the next level with the official Remote and Ocular LED module designed for the SG Pulse Pro. This dual-function accessory places your anti-cant level indication directly beneath your scope's eyepiece while giving you seamless remote control over device functions without breaking your support hand position.

External Ocular Anti-Cant LED

Mounts directly underneath your scope tube's ocular lens, bringing level indications into your direct line of sight.

Ultra-bright LEDs remain clearly visible even under harsh, direct sunlight.

Fully adjustable brightness control allows comfortable training in complete darkness without overwhelming night vision or dark-adapted eyes.

Remote Control Button Switch

Control key features of your SG Pulse Pro without distracting movement or shifting your grip.

Start and stop the stage timer instantly on command.

Seamlessly switch between targets on your active DOPE card during a stage run.

Magnetic Safety Connector

Features a secure magnetic attachment mechanism that holds firm during recoil, yet breaks away safely under snagging forces to prevent physical damage to ports and cables.

All-Weather Durability

Fully water-resistant design ensures reliable performance regardless of rain, mud, or harsh range conditions.

Attributes

- Name: SG Pulse Pro Remote and Ocular USB
- Manufacturer: SHOOTERS GLOBAL
- Product no.: EU2019306

SG Pulse Pro Remote and Ocular USB Safety Instruction Guide

Introduction

Thank you for choosing the SG Pulse Pro Remote and Ocular USB. This guide provides essential safety instructions to ensure safe and effective use of your product. Please read this manual carefully before using the device to maximize its performance and your safety.

General Safety Guidelines

- **Product Safety:** The SG Pulse Pro is designed to be safe for use in precision shooting setups. Always follow the guidelines provided in this manual to avoid risks.
- **Enhanced Recalls:** In the unlikely event of a product recall, stay informed through official notifications and take advantage of any free remedies offered.
- **Online Shopping:** When purchasing online, ensure that the seller complies with safety requirements similar to those of physical stores.
- **Special Consumer Focus:** Extra care should be taken when using this product around vulnerable groups, including children.
- **EU Contact Point:** For any safety inquiries, please refer to the EU-based contact information provided with your product.
- **Rapid Alerts:** Stay updated on any safety alerts regarding this product through the EU's Safety Gate system.

Specific Safety Precautions for Use

- **Avoid Direct Eye Exposure:** The ultrabright LEDs should not be stared at directly to prevent eye strain or damage.
- **Secure Installation:** Ensure that the External Ocular AntiCant LED is securely mounted to prevent it from detaching during use.
- **Check for Damage:** Regularly inspect the device and cables for any signs of wear or damage. Do not use if any parts are compromised.
- **Use in Appropriate Conditions:** While the product is waterresistant, avoid exposing it to extreme conditions beyond its designed capabilities.
- **Keep Away from Children:** Ensure that children do not have unsupervised access to the device to prevent accidents.

Instructions for Installation and Usage

1. Installation:

- Identify the ocular lens of your scope.
- Carefully mount the External Ocular AntiCant LED directly underneath the ocular lens.
- Ensure that the magnetic safety connector is securely attached to prevent detachment during use.

2. Usage:

- **Remote Control:** Use the Remote Control Button Switch to operate the SG Pulse Pro functions without shifting your grip.
- **Brightness Adjustment:** Adjust the brightness of the LED to suit your training conditions, ensuring visibility without overwhelming your night vision.
- **Target Switching:** During a stage run, you can seamlessly switch between targets on your active DOPE card using the remote control.

- **Timer Function:** Start and stop the stage timer instantly using the remote control for efficient training sessions.

Disposal Instructions

- **Proper Disposal:** When the SG Pulse Pro reaches the end of its lifecycle, dispose of the product responsibly. Follow local regulations regarding electronic waste disposal.
- **Battery Disposal:** If applicable, remove any batteries and dispose of them according to local hazardous waste guidelines.

Contact Information for Further Support

For any additional questions or concerns regarding the SG Pulse Pro Remote and Ocular USB, please refer to the contact information provided with your product.

Thank you for your attention to these safety guidelines. By following these instructions, you can ensure a safe and effective experience while using your SG Pulse Pro.
